

Northern Virginia Transportation Authority
The Authority for Transportation in Northern Virginia

Thursday, January 9, 2020

7:00pm

3040 Williams Drive

Fairfax, VA 22031

AGENDA

**Annual Organizational Meeting
TransAction Listening Session**

- I. Call to Order** Chair Randall
- II. Roll Call** Ms. Duker, Clerk
- III. Minutes of the December 12, 2019 Meeting**
Recommended action: Approval [with abstentions from those who were not present]

Presentations

- IV. 2019 Annual Report** Ms. Hawksworth, Communications &
Public Affairs Manager
- V. Five-Year Strategic Plan Update** Ms. Backmon, Executive Director

Consent

- VI. Approval of Standard Project Agreement for Fairfax County---Regional Funding 2018-009-2 (Frontier Drive Extension & Intersection Improvements)**
- VII. Approval of Standard Project Agreement for Fairfax County---Regional Funding 2018-006-2 (Route 1 Widening -Mount Vernon Memorial Hwy to Napier Road)**
- VIII. Approval of Standard Project Agreement for Fairfax County---Regional Funding 2018-014-2 (Rolling Road Widening-Old Keene Mill Rd to Franconia Springfield Pkwy)**

Action

- IX. Approval of Fairfax County's I-66 Outside the Beltway Concessionaire Funds Transfer Request** Ms. Backmon, Executive Director
Recommended action: Approval of Transfer Request

NVTa Offices

Northern Virginia Transportation Authority
The Authority for Transportation in Northern Virginia

Thursday, December 12, 2019

6:00pm

8407 Pennell Street

Fairfax, VA 22031

AGENDA

I. Call to Order Chairman Nohe

A. Chairman Nohe called the meeting to order at 6:12 PM.

II. Roll Call Ms. Duker, Clerk

- A. Voting Members: Chairman Nohe; Chair Randall; Chairman Bulova; Boardmember Cristol; Mayor Rishell; Councilmember Snyder; Mayor Meyer; Mayor Wilson; Senator Black; Mr. Minchew; Mr. Kolb; Ms. Hynes;
- B. Non-Voting Members; Mayor Wood; Ms. Cuervo; Mr. Horsley.
- C. Staff: Monica Backmon (Executive Director); Michael Longhi (CFO); Peggy Teal (Assistant Finance Officer); Keith Jasper (Principal, Planning and Programming); Sree Nampoothiri (Transportation Planner); Ria Kulkarni (Transportation Planner); Mackenzie Jarvis (Transportation Planner); Richard Stavros (Investment and Debt Manager); Erica Hawksworth (Communication and Public Affairs Manager); Dev Priya Sen (Financial Analyst); Margaret Duker (Board Clerk); various jurisdictional and agency staff.
- D. Mayor Parrish arrived at 6:23pm.
- E. On behalf of NVTa, Chairman Nohe expressed his appreciation to NVTa for the use of their premises for the evening's meeting and reception.

III. Minutes of the November 14th, 2019 Meeting

- Senator Black moved the approval of the November 14, 2019, minutes seconded by Chairman Bulova. Motion carried with abstentions from Chair Randall, Boardmember Cristol, Councilmember Snyder and Mayor Meyer.

Action

IV. Adoption of the 2020 Legislative Program Chair Randall, Chair, GPC

Recommended action: Adoption of Legislative Program

- ✓ Chair Randall opened the discussion of the draft 2020 Legislation Program by highlighting the importance of getting the message out regarding the restoration of NVTa's revenues.
- ✓ She noted that the top legislative priority discussed by the Governance and Personnel Committee was the restoration of NVTa revenues. Chair Randall added that Loudoun County included the restoration of Authority revenues as one

of the top priorities in its adopted legislative program.

- ✓ Chair Randall inquired about the steps other Authority member localities have taken regarding their legislative programs and spreading the message of restoring Authority revenues.
- ✓ Various Authority members stated that the restoration of NVTAs revenues is a top priority in their respective legislative programs.
- ✓ Ms. Baynard added that her team is looking forward to working with the General Assembly and noted that the restoration of Authority revenues is a primary issue for Northern Virginia jurisdictions.

Chair Randall moved Authority adoption of the 2020 Legislative Program, inclusive of any amendments made at the December 12, 2019, Authority meeting; seconded by Chairman Bulova. Motion carried unanimously.

V. Appointment of Mayor Wood as the Town Representative to the Authority for CY 20 Chairman Nohe

Recommended action: Appointment of Town Member

- ✓ Mayor Rishell commended Mayor Wood for his faithful and consistent attendance at Authority meetings.

Chairman Nohe moved Authority appointment of Mayor Derrick Wood of the Town of Dumfries, as the calendar year 2020 Town Representative; seconded by Mayor Rishell. Motion carried unanimously.

VI. Appointment of Chairman and Vice-Chairman Chairman Nohe

Recommended action: Appointment of Chair and Vice-Chair

Chairman Nohe moved Authority appointment of Chair Randall and Mayor Parrish, as the Chair and Vice-Chairman of the Authority; seconded by Chairman Bulova. Motion carried unanimously.

Discussion/Information

VII. Six-Year Program Update Ms. Backmon, Executive Director

- ✓ Ms. Backmon kicked off the Six Year Program (SYP) Update discussion by informing the Authority that the SYP update is inclusive of two additional years (fiscal years 2024 – 2025).
- ✓ She noted that 46 applications were received from 13 jurisdictions and agencies, totaling \$1.7 billion.
- ✓ Currently, all applications, materials, maps are posted and accessible on NVTAs website via the Programming/FY20 – 2025 Six Year Program/Evaluation tab.

- ✓ She added that most of the applications received are multimodal in nature and after the preliminary evaluation, 41 applications, totaling \$1.44 billion, are advancing for additional analysis.
- ✓ She noted that currently, project evaluations including congestion reduction relative to cost, long-term benefits and other qualitative data, together with TransAction ratings (formerly known as HB599), are underway.
- ✓ Ms. Backmon informed the Authority that the two statutory committees, the Technical Advisory Committee (TAC) and the Planning Coordination Advisory Committee (PCAC), will reconvene in February.
- ✓ She noted that the Authority and the Secretary of Transportation, will be asked to make new appointments to the TAC, a committee of 9 citizen transportation experts that currently has 5 vacancies. The Authority will be asked to appoint three members and the Secretary of Transportation will be asked to appoint two members, thereby completing the membership of the Committee.
- ✓ The Authority will also be seeking recommendations for the PCAC, which is comprised of 14 elected officials representing the Northern Virginia counties, cities and towns (with a population of 3500 or more).
- ✓ In March 2020, the project list and evaluations (related scores) will be released.
- ✓ In April, there will be an Open House, Public Hearing and Town Halls (where applicable).
- ✓ In May, the regional revenue estimate available for funding the SYP update will be available, which will include the restoration of Authority revenues, if applicable.
- ✓ In June, the SYP update will be presented to the Authority, for adoption.
- ✓ Chair Randall inquired whether the estimated \$400 million available for the SYP update includes revenues to NVTa as part of the I-81 Bill. Ms. Backmon responded that these revenues are not included in the \$400 million estimate. She further noted that the revenues that the Authority has received to date, as part of the I-81 Bill, are well below what was projected for FY20.

VIII. Finance Committee Mayor Parrish, Chair, FC

- ✓ Mayor Parrish commended the Finance Committee for all their hard work throughout the year and informed the Authority that the December meeting for the Finance Committee is cancelled. The next meeting of the Finance Committee will be held on January 16th, 2020.

IX. Investment Portfolio Report Mr. Longhi, CFO

- ✓ No verbal report given.

X. Monthly Revenue Report Mr. Longhi, CFO

- ✓ No verbal report given.

XI. Operating Budget Report Mr. Longhi, CFO

- ✓ No verbal report given.

XII. Executive Director's Report

Ms. Backmon, Executive Director

- ✓ Ms. Backmon informed the Authority that as part of the organizational meeting in January, there will be a Listening Session on the update to TransAction.
- ✓ She informed members about the upcoming groundbreaking for the Potomac Yard Metro Station, stating that the groundbreaking will be held on December 19, 2019, and encouraged Authority members to attend.
- ✓ Councilmember Snyder updated members on the activities of the Transportation Technology Committee (TTC), of which he is chair.
- ✓ He noted that in the wake of the challenges regarding transportation technology, the TTC is working on developing a Transportation Technologies Strategic Plan. Ms. Backmon added that the Transportation Technologies Strategic Plan will be presented to the Authority as part of the update to TransAction.
- ✓ Chair Randall informed Ms. Backmon that she would like to schedule a meeting with newly elected officials to discuss what NVTa is, how the Authority and its committees function, and how the organization as a whole is funded.
- ✓ She noted that a meeting of this kind was held when she first joined the Authority and will be very helpful to all new members.
- ✓ Ms. Hynes added that she has held sessions on regional transportation funding with the Towns and staff from the Virginia Department of Transportation (VDOT), and plans to include other elected officials in subsequent sessions.

XIII. Chairman's Comments

- ✓ Chairman Nohe informed members that the next Authority meeting will be back at the offices of NVTa.
- ✓ He encouraged members to attend the next meeting adding that it will involve a Listening Session as part of the update to TransAction.
- ✓ He also added that the Planning and Programming Committee (PPC) has not met in a year and if members are interested in serving on the PPC, they should contact Ms. Backmon.

Closed Session

✓ Motion for a Closed Meeting:

Chairman Bulova moved that the Northern Virginia Transportation Authority convene a closed meeting, as authorized by Virginia Code section 2.2-3711. A.1, for the purpose of discussing a personnel matter; seconded by Senator Black. Motion passed unanimously.

- ✓ The closed session began at 6:36pm.

✓ **Motion to Re-Open the Meeting:**

Mayor Parrish moved that the members of the Northern Virginia Transportation Authority certify: (1) that only public business matters lawfully exempted from open meeting requirements under Chapter 37, Title 2.2 of the Code of Virginia; and (2) only such public business matters were identified in the motion by which the closed meeting was convened were heard, discussed or considered by the Committee; seconded by Mayor Wilson. Motion passed unanimously.

- ✓ Meeting reconvened at 7:25pm.
- ✓ Chairman Bulova thanked outgoing members of the Authority and expressed her gratitude to Mr. Minchew for his letter (included in Correspondence).
- ✓ She recalled how in some years past, things had been very challenging for the NVTa, and how the Authority had been revamped with the passage of HB2313.
- ✓ She also applauded Chairman Nohe, Ms. Backmon and Mr. Mason for the commendable work they have done.
- ✓ A big 'Thank You' went to Chairman Nohe for the pivotal role he had played during his tenure on the NVTa.
- ✓ Ms. Backmon also thanked Chairman Nohe, Chairman Bulova, Senator Black and Mr. Minchew for their exemplary service and dedication to the Authority.
- ✓ The Authority members took the opportunity to thank Chairman Nohe, Chairman Bulova, Senator Black and Mr. Minchew for their outstanding leadership, service and dedication to the work of the Authority over the years, regardless of party lines and jurisdictional interests.

XIV. Adjournment: Meeting adjourned at 7:53pm.

Next Meeting: February 13, 2019 at 7:00pm, NVTa Offices

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

TO: Chair Randall and Members of the
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

SUBJECT: NVTa 2019 Annual Report

DATE: January 3, 2020

I.	Overview	1
II.	Goal I – Regional Prosperity	2-4
III.	Goal II – Mobility	5-9
IV.	Goal III – Innovation	10-14
V.	Goal IV – Funding.....	15-21

Overview

As the Northern Virginia Transportation Authority continues to look ahead, the Five-Year Strategic Plan serves as a guide for the Authority members and staff to expand upon accomplishments and outline strategic goals of regional prosperity, mobility, innovation and funding. The presentation of each goal contains a preface to provide context and clarity to the goal, strategies and related actions. Achievement of these goals will ensure the Authority continues to grow and strengthen as the regional leader for transportation planning, programming and funding. As this is the first strategic plan in its second-year update, staff will continue to report progress on an annual basis to ensure the Authority is the regional planning leader for multimodal transportation. The goals and vision were adopted by the Authority on September 8, 2016. The 'Status' column for each goal highlights the progress that has been made for each goal's corresponding strategy areas and action items.

Goals

1) Regional Prosperity

Foster regional prosperity by investing in a sustainable transportation network that supports economic growth, while balancing quality of life.

2) Mobility

Through sound planning and programming, increase transportation connectivity and available transportation options to reduce congestion.

3) Innovation

Lead the region in planning and advocating for emerging transportation technologies which address future transportation, workplace and development trends.

4) Funding

Support transportation infrastructure development through excellent stewardship of tax payer dollars, maximizing opportunities from existing sources, and advocating for additional transportation revenues.

Across the region, NVTA is focused on multimodal transportation solutions.

VISION

The Northern Virginia Transportation Authority leads Northern Virginia into a transportation future equipped with multimodal transportation options for the community that advance the overall quality of life, environment and economic prosperity for the region. Using innovation, partnerships and collaboration, the NVTA delivers effective long-term planning, transparent policy processes and decision making, as well as efficient allocation of critical transportation resources which advance projects to move Northern Virginia forward as a preeminent region in the country.

Goal I: Regional Prosperity

Foster regional prosperity by investing in a sustainable transportation network that supports economic growth, while balancing quality of life.

The NVTA's policies and priorities are guided by two aspirations: reduce congestion and move the greatest number of people in the most cost-effective manner.

Economic growth and transportation are integrally linked, as are traffic congestion and quality of life. The Authority's robust transportation plans and investments support continued regional prosperity and improve multimodal transportation options in Northern Virginia. While the Authority has an established reputation for creating a transportation network that sustains economic growth, there are ways in which the Authority can make a bigger impact in reducing congestion and improving safety throughout the transportation network. To date, the Authority has conducted research and a public survey to better understand how the Northern Virginia transportation network impacts economic growth and quality of life. The Authority can enhance communications with key audiences regarding both economic and quality of life impacts of its multimodal transportation investments.

Strategy	Action	2-Year Status
Regional Coordination <ul style="list-style-type: none"> Coordinate with the Northern Virginia business community to better understand how the NoVA transportation system affects regional prosperity and identify how different types of multimodal regional transportation projects support economic growth and raise quality of life for Northern Virginians. Estimate the economic impact of transportation investments (funded by NVTA and others) in NoVA. 	<p>Meet with the economic development groups in each of the nine member jurisdictions (individually or collectively).</p>	<p>Continue to foster regional prosperity. Met with NoVA, Commonwealth and Washington Metropolitan regional leaders, and developed a baseline economic impact assessment while capturing baseline multimodal congestion data. An event co-hosted with the Northern Virginia Transportation Alliance (Alliance) was held at the Northern Virginia Association of Realtors to discuss the impact of the Authority's funded projects. Also discussed economic impacts at an array of local/regional meetings including NoVA Building Industry Association, Committee for Dulles and the Alliance's monthly board meeting.</p>

Goal I: Regional Prosperity

Foster regional prosperity by investing in a sustainable transportation network that supports economic growth, while balancing quality of life.

	Meet with at least one Chamber of Commerce in each of the nine member jurisdictions (individually or collectively).	Presented at NoVA Chamber's Annual State of Transportation event attended by local Chambers and governments from around region to inform and determine how we can best work together to reach region's goals. Secretary Valentine was a fellow panelist with NVTA's Executive Director.
	Meet with the Greater Washington Board of Trade and a selection of other neighboring business community groups in the Washington D.C. metro region.	Involved in preparations for the recently launched Greater Washington Partnership's Connected DMV initiative; participated in the Transportation Planning and Communications Solution Groups, while informing them of the initiatives identified in TransAction to determine how TransAction parallels with some of the Connected DMV strategies. Other business groups included presentations before the Alliance, American Council of Engineering Companies, and Dulles Area Transportation Association, to name a few.
	Conduct and compile objective, independent research, including a periodic update of economic impact analysis.	Analysis of the economic impact of NVTA project funding was completed by Chmura Economics & Analytics and presented to the Authority in December 2018. For FY2020, the Authority approved funding for an update and expansion building on the prior Economic Impact Studies. The RFP is expected to be released in early CY2020, and the analysis conducted after the FY2020 - 2025 Update to the Six Year Program is adopted by the Authority.

Goal I: Regional Prosperity (continued)

Foster regional prosperity by investing in a sustainable transportation network that supports economic growth, while balancing quality of life.

<p>Advocacy/Education</p> <ul style="list-style-type: none"> • Increase awareness and understanding of the transportation impact of the NVTA's regional transportation investments. 	<p>Develop appropriate messaging based on above findings to specific target audiences:</p> <ul style="list-style-type: none"> • NoVA residents and business community • General Assembly members • Local elected officials (county, city, state) • NoVA Congressional caucus • NVTA stakeholders 	<p>Conducted economic impact analysis of NVTA funded projects for the 2018 Annual Report to share with target audiences. Continued to share information about economic impacts with these audiences throughout the year, whether via events, meeting presentations, newsletters, one-pagers and/or social media platforms. Everyone from the NoVA Delegation, to the business community, to transportation leaders, to the community were kept informed.</p>
		<p>Through the acquisition of the PMMS, NVTA staff will be able to visually communicate the impact and status of its investments through the new dashboard. The development of the dashboard commenced in July 2019 and will likely conclude in 2020.</p> <p>Presented activity updates to the NoVA Delegation of the General Assembly in Richmond, and NVTA-funded BRT initiatives for Northern Virginia were presented before the TPB's Technical Committee.</p> <p>Video communications has been a newly implemented strategy to keep audiences informed. A Six Year Program Update Video Series was developed and leveraged on social media channels. Also, for the first time, NVTA's Annual Report for 2019 incorporates video highlights, capturing the year in motion.</p>

Goal II: Mobility

Through sound planning and programming, increase transportation connectivity and available transportation options to reduce congestion.

Multimodal regional transportation planning and programming are the foundation for making sound investments. The mobility goal of the Authority focuses on its core activity of multimodal regional transportation planning and the programming of investments in regional projects. The Authority will develop and regularly update TransAction and the Six Year Program through public engagement and a data driven process. The Authority will also refine the principles of long-term benefits into implementable practices. Collaboration with member jurisdictions and agencies will be necessary for planning and programming that increase connectivity and improve regional mobility. In addition, the Authority will boost communications with target audiences to increase awareness of the Authority's impact on regional mobility.

NVTA works with several transit agencies across Northern Virginia including, VRE, WMATA, NVTC, DRPT and PRTC.

Strategy	Action	2-Year Status
Multimodal Regional Transportation Planning and Programming <ul style="list-style-type: none"> Develop and regularly update TransAction, NVTA's long range multimodal transportation plan for NoVA, utilizing regional corridors. Develop and regularly update NVTA's Six Year Program, to fund projects that address regional transportation needs in NoVA. Coordinate with VA, DC, MD and TPB to advance multimodal regional and extra-territorial projects that are important to NoVA. Refine the principles of long-term benefits. 	Develop a regional performance dashboard on congestion trends, travel demand patterns, incident impacts, etc., that can feed into regional transportation planning and project development.	Secured the ability to incorporate project evaluation and ranking requirements into future TransAction updates. The requirements of HB 599 (2012) were incorporated into the current TransAction Plan. A goal by the Authority for the 2019 General Assembly Session was to formalize the Authority's role in the completion of future HB 599 evaluations and rankings. Reporting responsibility was transferred from VDOT to NVTA July 2019 via SB1468, patroned by Authority member, Senator Black.
	Educate target audiences on long-term benefits, NVTA planning and programming, and the importance of regional collaboration.	The Six Year Program (SYP) Update (FY2020 – 2025) kicked off in July 2019 with a Call for Regional Transportation Projects; Application and Verification

Goal II: Mobility

		<p>stages have been completed; Evaluation phase of the SYP is underway; with an expectation the SYP will be adopted June 2020. An inaugural video series was introduced during which NVTAs Executive Director offers updates on the SYP. Additional firsts included a clickable, easily navigable timeline of the various phases; NVTAs conducted various meetings with applicants to give an opportunity to ask questions; and applicants were able to submit projects through the new PMMS online application portal.</p> <p>The Authority approved funding for the TransAction (TA) Update and schedule, as NVTAs has projected. The TA Update had an unofficial kickoff fall 2019 and development of long-term benefit methodology and analysis began. A RJACC working group met to review TA vision and goals, and a Consultants Open House was hosted at NVTAs offices. NVTAs staff was available for questions and provided a presentation to attendees.</p> <p>Using the Innovation and Technology Transportation Fund (ITTF) - \$15M using FY20/FY21 revenues - the application for the Regional Multimodal Mobility Program (RM3P) was successful. NVTAs is currently working with the Commonwealth to deliver RM3P, which will offer a regional performance dashboard on congestion trends, travel demand patterns, and incentives to change travel behaviors.</p>
--	--	---

Goal II: Mobility (continued)

Through sound planning and programming, increase transportation connectivity and available transportation options to reduce congestion.

		<p>NVTA Executive Director is a member of the Strategic Advisory Panel for the WMATA- sponsored Bus Transformation Project. Transit is an important component of the D.C. region's multimodal transportation system. NVTA supports transit service in numerous ways, including expansion of transit maintenance/operations facilities, bus acquisitions in support of capacity expansions, transit signal priority/other intelligent transportation systems that enhance bus operations, and multimodal connection facilities. The Bus Transformation Project seeks to create a viable, vibrant transit system for the region. Executive Director also participant in Sec. Valentine's Transportation Funding Sustainability Workgroup.</p> <p>NVTA continues to follow transportation trends, providing regular updates via Driven by InNoVation newsletter. This year, NVTA's Executive Director established the Transportation Technology Committee (TTC), where thought leaders represent a broad range of perspectives relevant to the development, implementation, operation and impact of transportation technologies. Experts representing the public and private sector discuss transportation trends, advise NVTA's Executive Director on multimodal technologies and related transportation trends that support (or endanger) the vision of the Authority, and develop a Transportation Technologies Strategic Plan.</p>
--	--	---

Goal II: Mobility (continued)

Through sound planning and programming, increase transportation connectivity and available transportation options to reduce congestion.

	Develop 'NoVA Transportation Trends' supplement to NVTa's Annual Report, starting w/ 2017.	No activity to report. Expected to address this as part of the upcoming TransAction Update, which will formally kick-off with an Authority Listening Session January 2020.
	Conduct ongoing peer reviews w/ similar regions in U.S. to better understand performance of transportation in NoVA.	No activity to report. Expected to address this as part of the upcoming TransAction Update, which will formally kick-off with an Authority Listening Session January 2020.
	Expand analytical capabilities ranging from sketch planning to micro simulation and scenario analysis. <ul style="list-style-type: none"> Travel demand forecasting Model simulations 	No activity to report. Expected to address this as part of the upcoming TransAction Update, which will formally kick-off with an Authority Listening Session January 2020.
Advocacy/Education <ul style="list-style-type: none"> Increase awareness and understanding of the transportation impact of the NVTa's regional transportation investments. 	Develop appropriate messaging based on above findings to specific target audiences: <ul style="list-style-type: none"> NoVA residents and business community General Assembly members Local elected officials 	Participated in Bike to Work Day and Celebrate Fairfax! as a way to connect with the community and answer NoVA residents' questions. <p>Participated in the inaugural and mandatory Annual Northern Virginia Spring Transportation Meeting, co-hosted with VDOT, DRPT, NVTC, and VRE. An Open House and public hearing were held as part of the event.</p> <p>Ongoing communications and transparency offered through an up-to-date website, regular newsletters and Annual Report, including video highlights.</p> <p>Hosted events such as the Annual Northern Virginia Transportation Roundtable and Economic Impacts Forum. NVTa participated in nearly 25 events throughout NoVA this year, including the ITS Virginia Annual Meeting and Annual NOVA Leaders Policy Event.</p>

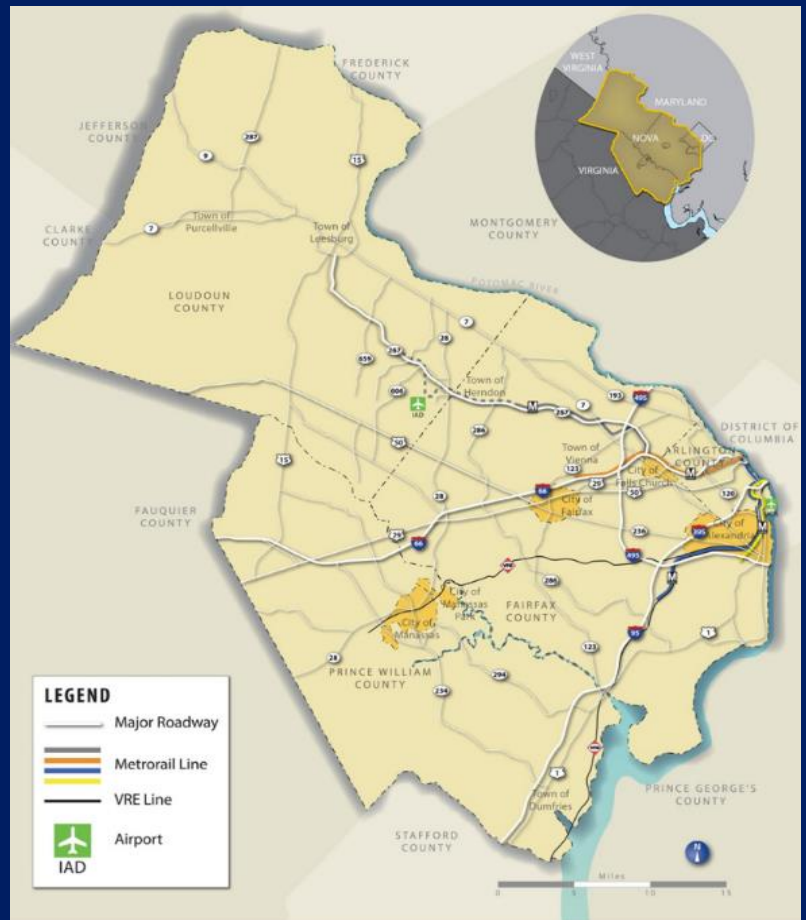

Goal II: Mobility (continued)

Through sound planning and programming, increase transportation connectivity and available transportation options to reduce congestion.

NVTA Jurisdictions and Major Transportation Facilities

The Authority's member jurisdictions include the counties of Arlington, Fairfax, Loudoun and Prince William and the cities of Alexandria, Fairfax, Falls Church, Manassas and Manassas Park. The NVTA functions as a sub-metropolitan planning organization for these jurisdictions. The values of transparency and regional collaboration have led the Authority not only to the adoption of its first TransAction update since the passage of HB 2313, but to the development of its inaugural Six Year Program (FY2018-2023).

Goal III: Innovation

Lead region in planning and advocating for emerging transportation technologies which address future transportation, workplace and development trends.

NVTA has funded multiple projects to widen and improve Route 1 in Northern Virginia.

While 'disruptive' technologies are creating uncertainty in the future of transportation, the Authority's readiness to innovate in anticipation of emerging transportation technologies and related trends is crucial to investing in the best transportation solutions. Examples of innovative opportunities include encouragement of shared mobility and/or vehicle ownership, incentivized travel behaviors, and new approaches to addressing 'first/last mile' challenges. The Authority will focus on proactively analyzing and identifying emerging innovative technologies for robust solutions. Undertaking these initiatives will make the region a leader as the future of transportation preferences, and living and working conditions transform. The Authority will also increase collaboration and communication with the state and key stakeholders to create an ongoing dialogue regarding emerging transportation technologies and the Authority's innovations to achieve its Vision.

Strategy	Action	2-Year Status
Regional Coordination <ul style="list-style-type: none"> Promote multimodal initiatives such as Integrated Corridor Management (ICM). 	Coordinate with VDOT and DRPT on implementation of ICM and associated regional components, including expanded regional Travel Demand Management (TDM.)	Using the Innovation and Technology Transportation Fund (ITTF) - \$15M using FY20/FY21 revenues - the application for the Regional Multimodal Mobility Program (RM3P) was successful. NVTA is currently working with the Commonwealth to deliver RM3P, which will offer a regional performance dashboard on congestion trends, travel demand patterns, incentives to change routes and modes of transportation, etc. Working groups are currently meeting, and a white paper and a Communications Strategy Plan are being developed.

<p>Multimodal Regional Transportation Planning</p> <ul style="list-style-type: none"> • Plan for emerging transportation technologies and related trends. 	<p>At the national and regional level, monitor emerging technology trends and associated changes in travel behaviors, e.g., vehicle ownership, mobility as a service, and shared vehicle use.</p>	<p>Hosted 4th Annual Roundtable on transportation technology trends in Spring 2019 which gathered thought-leaders weighing in on emerging trends. For first time, NVTA conducted live-polling to encourage audience participation. A social media kit was developed for speakers as well and video captured for promotion and incorporation into the NVTA 2019 Annual Report. Next Roundtable 3/11/20.</p> <p>Continued creation and distribution of the Driven by InNoVation newsletter focused on transportation tech trends and news occurring locally, nationally and across the globe. Established this newsletter as a bi-weekly publication and continued to build the distribution list via social promotion and signup sheets at various events.</p> <p>The NVTA Executive Director's established Transportation Technology Committee (TTC) met throughout the year and worked with NVTA staff on creating a Workplan with four deliverables. The TTC and NVTA staff are currently working towards developing a Transportation Technology Strategic Plan in 2020. This is a collaboration between NVTA and thought leaders from both the public and the private sectors.</p>
---	---	---

Goal III: Innovation (continued)

Lead region in planning and advocating for emerging transportation technologies which address future transportation, workplace and development trends.

	Conduct and compile objective, independent research on the positive and negative impacts of emerging transportation technologies.	The Driven by InNoVation newsletter compiles stories on emerging transportation tech, including independent research. The compilation of objective, independent research is part of the TransAction update FY2020.
	Conduct studies of regional deployments of emerging transportation technologies.	No activity to report.
	Develop policy guidance as needed to support regional deployments of emerging transportation technologies.	The TTC met throughout the year to offer insights on emerging technology trends. The TTC Strategic Plan will include the development of policy guidance. Authority member, David Snyder, is chairing the TTC, and Authority member, Jeanette Rishell is co-chair of the TTC.
Multimodal Regional Transportation Planning <ul style="list-style-type: none"> Plan for emerging transportation technologies and related trends. 	Host regional discussions and events that identify/address the barriers to emerging transportation technologies and facilitate their deployment in a manner that is beneficial to the region.	<p>NVTA hosted its 4th Annual Northern Virginia Transportation Roundtable in Spring 2019 which focused on innovation in transportation. The sold-out event featured experts from Virginia Tech, Lime, Fitch Ratings, Mobility Lab, UMD, DDOT, DRPT and VDOT. Interactive live polling occurred for the first time. Attendance included Authority members, elected officials, regional jurisdiction leaders and professional staff.</p> <p>TTC offers the opportunity for discussions on positive impacts and challenges of emerging transportation technologies; to offer advice/recommendations related to development of next TransAction plan update.</p>

Goal III: Innovation (continued)

Lead region in planning and advocating for emerging transportation technologies which address future transportation, workplace and development trends.

<p>Advocacy/Education</p> <ul style="list-style-type: none"> Develop and implement an advocacy and education strategy for emerging transportation technologies and shared mobility opportunities. 	<p>Work collaboratively with the region on public outreach regarding emerging technology and shared mobility.</p>	<p>Updated audiences on transportation news/emerging trends via the Driven by InNoVation newsletter, social media platforms (Twitter followers increased 76% / Facebook followers increased 15% through strategic marketing outreach), NVTA-hosted events such as the NoVA Transportation Roundtable and Economic Impacts Forum, community events such as Celebrate Fairfax! and Bike to Work, and panel participation at events such as ITS Virginia Annual Meeting and Alliance's What You Need to Know About Transportation.</p> <p>NVTA worked with agency partners & jurisdictions on planning/hosting 7 ground breakings & ribbon cuttings to show public how their taxpayer money is being invested in multimodal improvements in their area. 11 milestones total. Regional Joint PIO Group Meetings re-established.</p> <p>NVTA participating as a member of the TPB's Advisory Group for the development of forums for connected and autonomous vehicles.</p> <p>Involved in preparing for the Greater Washington Board of Trade's Connected DMV initiative, including Communications Solution Group participation, which developed branding/messaging strategies to educate target audiences about the initiative launched this year.</p>
---	---	---

Goal III: Innovation (continued)

Lead region in planning and advocating for emerging transportation technologies which address future transportation, workplace and development trends.

	<p>Increase advocacy and education of emerging transportation technologies.</p>	<p>NVRTA will continue to host Annual Northern Virginia Transportation Roundtable discussions, with the next one scheduled for 3/11/20.</p> <p>The TTC will advise on multimodal transportation technologies and related transportation trends that support (or endanger) the vision of the Authority. The TTC is chaired by Authority member, David Snyder, and co-chaired by Authority member, Jeanette Rishell, and includes transportation and technology industry leaders.</p> <p>In partnership with the Commonwealth, the RM3P initiative is underway. The program will enhance commuter parking data, develop a dynamic service gap dashboard, implement an Artificial Intelligence-based decision support system with prediction, and deploy a data-driven tool to incentivize customer mode and route choice. Working Groups have been established, a Communications Plan is being drafted, and a White Paper is under development as well.</p> <p>Involved in preparations for the recently launched Greater Washington Partnership's Connected DMV initiative; participated in the Transportation Planning and Communications Solution Groups, while informing them of the initiatives identified in TransAction to determine parallels between plans.</p>
--	---	--

Goal IV: Funding

Support transportation infrastructure development through excellent stewardship of tax payer dollars, maximizing opportunities from existing sources, and advocating for additional transportation revenues.

Transparency, stewardship and accountability are the Authority's core values for funding, which exhibit the importance of regionalism leading to responsive transportation solutions. Funding is the foundation from which the Authority has the ability to understand, coordinate, plan and deliver multimodal regional transportation solutions. In an effort to enhance the Authority's fiscal strength and increase awareness of the Authority's role in funding multimodal regional projects, the Authority will identify opportunities with key stakeholders and agencies to advance the recognition of the Authority's role in funding transportation infrastructure.

NVTA celebrated the completion of a new intersection along Loudoun County Parkway in September 2017.

Strategy	Action	2-Year Status
Transparency/Stewardship/Accountability <ul style="list-style-type: none"> • Ensure NVTA's funding information is transparent and available. • Cement the NVTA's reputation as a predictable long-term funding partner. • Protect and enhance the NVTA's credit rating. • Protect the NVTA's regional transportation investments. • Streamline the Six Year Program project application process. 	Disseminate accurate financial information amongst member jurisdictions and the public with clarity and transparency.	<p>Enhanced Financial Statement presentation to show link between size of NVTA Balance Sheet and the large number of projects adopted by the Authority, going through FY2023.</p> <p>Continued regional work sessions to help regional staff in completing SPA and reimbursement documents.</p> <p>Established Regional Investment Conversations, allowing investment professionals from member jurisdictions and NVTA to share insights.</p> <p>Post up-to-date financial reports.</p>
	Develop and implement multi-year funding strategies in support of NVTA Programs.	With the Finance Committee, developed a funding strategy and appropriation plan which is saving the NVTA \$194 million in funding approaches.

Goal IV: Funding (continued)

Support transportation infrastructure development through excellent stewardship of tax payer dollars, maximizing opportunities from existing sources, and advocating for additional transportation revenues.

		<p>With the adoption of the inaugural FY2018-2023 Six Year Program (SYP), and FY2019 appropriations of \$525 million, there are now five NVTAA funding tranches. The Authority's Finance Committee invested significant time in the development of a funding strategy for the SYP; strategy development was enhanced by the Authority's exceptionally strong balance sheet. The Finance Committee funding strategy permitted commitment of \$1.285 billion mostly appropriated in the early years (FY2019 and FY2020) of the SYP.</p> <p>Worked with members of the 2019 General Assembly, resulting in the passage of SB1468, which allows the use of Regional Revenue funds for the Authority Operating budget. This effort saved localities \$2.9 million in FY2020.</p>
	Work regionally in the development of conservative revenue estimates.	Current estimate collaboration is focused on quantifying the regional impact of taxable internet and remote sales.
	Achieve clean audit opinions.	Achieved in 2019. This is an ongoing annual goal.
	Exercise prudent use of debt capacity, recognizing the impact on annual PayGo availability.	Developed funding and appropriation plan for the SYP which is saving the Authority \$194 million over traditional financing approaches and did not use any debt capacity.

Goal IV: Funding (continued)

	<p>Ensure compliance of all current and proposed activities with:</p> <ul style="list-style-type: none"> • Investment Policy • Debt Policy • Post Issuance and Tax Compliance Policy • State, Federal and IRS Regulatory Requirements 	<p>Clean audit opinion noted no compliance deficiencies with state or federal regulations.</p> <p>Revised the Authority's Financial Policies for:</p> <ul style="list-style-type: none"> • Required SEC bond disclosure changes. • Based on Authority approval of real-time market tools, started electronic security purchase capability, increasing revenue by \$400,000. • Implemented real-time Investment Portfolio compliance and trading activity monitoring. • Revised policies related to Truck Registration and Diesel Fuel taxes. • Implemented use of Regional Revenue Funds for the Operating budget, saving localities \$2.9 million in FY2020.
	Build capacity to receive, administer and account for federal and state grants.	No activity to report.
	Build capacity to ensure fulfillment of project scope of approved regional projects, including implementation of a monitoring system.	Continued a two-year development of Program Management and Monitoring System (PMMS). Phase 1 Project Application Automation was completed in FY2019. Phase 2 Project Analytics and Dashboard received budget appropriation in FY2020, and is in development and on schedule.
	Implement a cost-effective online project application system that reduces jurisdictional and NVT staff time expended on preparing and reviewing responses to NVT's Calls for Regional Transportation Projects.	Cost of Phase 1 of PMMS is \$60K (completed). Cost of Phase 2 is \$140K (Under contract and in development). Total project cost of \$200K is extremely low compared to other examples.

Goal IV: Funding (continued)

Support transportation infrastructure development through excellent stewardship of tax payer dollars, maximizing opportunities from existing sources, and advocating for additional transportation revenues.

Regional Coordination <ul style="list-style-type: none"> Coordinate across the region to enhance funding of transportation infrastructure. 	Identify and support opportunities for joint and solo applications to regional, state and federal sources for economy of scale, efficiency and competitiveness.	<p>Originally submitted SMART SCALE application for Regional Multi-Modal Mobility Program (RM3P). The project application was so well received by the Secretary of Transportation, Secretary Valentine funded it in FY2019 through an alternative program, which allows the project to be implemented sooner.</p> <p>Continued to advance federal CMAQ and RSTP through assessing and making project funding recommendations on appropriate projects.</p>
	Pursue grant opportunities on behalf of the region.	<p>Originally submitted SMART SCALE application for Regional Multi-Modal Mobility Program (RM3P). The project application was so well received by the Secretary of Transportation, Secretary Valentine funded it in FY2019 through an alternative program, which allows the project to be implemented sooner.</p>
Advocacy/Education <ul style="list-style-type: none"> Protect and increase the Authority's fiscal strength. 	Enhance existing strong ties to the General Assembly to elevate/strengthen awareness of NVTa's role, and represent NVTa's interests to protect and enhance funding legislation for regional projects.	Presented before the NoVA Delegation at the start of session. Presented before newly elected officials at Annual NOVA Leaders Policy Event at George Mason University. Co-hosted with the Alliance an Economic Impacts Forum at the Northern Virginia Association of Realtors. Presented at Alliance Breakfast at which GA members attended.

Goal IV: Funding (continued)

Support transportation infrastructure development through excellent stewardship of tax payer dollars, maximizing opportunities from existing sources, and advocating for additional transportation revenues.

		<p>For the first time, NVTA co-hosted a Joint Northern Virginia Spring Transportation Meeting and Open House with regional partners at VDOT, DRPT, VRE and NVTC.</p> <p>Worked effectively with General Assembly Members during the 2019 Session to achieve three significant objectives:</p> <p>'Down Payment' on funding restoration via SB1716 which provides a revenue stream from heavy truck registrations and diesel fuel taxes.</p> <p>Brought the regional project technical analysis (HB599) in house via SB1716.</p> <p>Reduced cost burden on localities through winning the use of Regional Revenue Funds for the Authority Operating Budget. This portion of SB1468 saves jurisdictions \$2.9 million.</p> <p>NVTA staff has attended and/or made presentations at Town Halls and regional Chamber events throughout the year.</p>
	Support regional efforts to identify funding for operating and capital costs to meet current and future travel demand and emerging transportation technologies.	<p>Executive Director participant of Sec. Valentine's Transportation Funding Sustainability Workgroup and was a fellow panelist at the NoVA Chamber's Annual State of Transportation event.</p>

Goal IV: Funding (continued)

Support transportation infrastructure development through excellent stewardship of tax payer dollars, maximizing opportunities from existing sources, and advocating for additional transportation revenues.

		<p>Applied and accepted to American Association of State Highway and Transportation Officials (AASHTO).</p> <p>Participated in the Greater Washington Board of Trade's Connected DMV initiative preparations that will focus on innovation in the entire DMV.</p> <p>Ongoing publication of Driven by InNoVation technology trends newsletter.</p> <p>NVTA Executive Director's Transportation Technology Committee convened for the first time this year, and met several times throughout 2019. A TTC Workplan is in place and a Transportation Technology Strategy Plan is under development.</p>
--	--	--

Goal IV: Funding (continued)

Support transportation infrastructure development through excellent stewardship of tax payer dollars, maximizing opportunities from existing sources, and advocating for additional transportation revenues.

	<p>Work with the business community to protect and enhance funding legislation.</p>	<p>Met with Chamber members throughout Northern Virginia, and participated in the NoVA Chamber of Commerce event on transportation, to inform and foster the Authority's initiatives with the work of the Chambers to determine how we can best work together to reach the region's goals.</p> <p>Connected with Chamber members at a variety of additional events in the region, such as the Alliance's annual What You Need to Know About Transportation breakfast, Committee for Dulles meeting, and our Economic Impact Study Forum co-hosted with the Alliance focusing on NVTA's capital investments in regional transportation infrastructure totaling \$3 billion.</p>

MEMORANDUM

FOR: Chair Randall and Members of the
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

DATE: January 3, 2020

SUBJECT: Regional Funding Project 2018-009-2 Fairfax County (Frontier Drive Extension
and Intersection Improvements)

-
1. **Recommendation.** Approval of attached Standard Project Agreement (SPA) 2018-009-2.
 2. **Suggested motion.** I move approval of the proposed Standard Project Agreement 2018-009-2 Fairfax County (Frontier Drive Extension and Intersection Improvements), in accordance with NVTAs approved Project Description Sheet as appended to the Standard Project Agreement; and authorize the Executive Director sign on behalf of the Authority.
 3. **Background.**
 - a. This project was adopted as part of the FY2018-2023 Six Year Program and received FY2020 appropriation approval on April 11, 2019.
 - b. The attached SPA presented by the Fairfax County is consistent with the project previously submitted by Fairfax County and approved by the Authority.
 - c. The attached SPA has been reviewed by the Council of Counsels, who noted that there were no legal issues.

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY
MEMORANDUM

TO: Chair Randall and Members of the
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

SUBJECT: Recommendation to Reallocate Transform 66 Outside the Beltway Concession
Payment funds for Fairfax County

DATE: January 3, 2020

1. **Purpose.** To seek Authority recommendation to Reallocate Transform 66 Outside the Beltway Concession Payment funds for Fairfax County
2. **Suggested Motion:** *I move approval of the recommendation to reallocate Transform 66 Outside the Beltway Concession Payment funds for Fairfax County.*
3. **Background:** As part of the Transform 66 Outside the Beltway Project, the Concessionaire paid the Virginia Department of Transportation (VDOT), a Concession Fee/Payment to fund additional transportation improvements in the corridor (Concession Payment). Virginia Code specifies that allocations from the Concession Payments may be used to pay or finance all or part of the costs of programs or projects, but that (i) the allocations must be limited to programs and projects that are reasonably related to or benefit the users of the qualifying transportation facility that was the subject of a concession pursuant to the PPTA; and (ii) the priorities of metropolitan planning organizations, planning district commissions, local governments, and transportation corridors shall be considered by the Board in making project allocations from moneys in the Account.

On July 13, 2017, the Northern Virginia Transportation Authority (the Authority), with input from local jurisdictions, developed a list of projects for presentation to and consideration by the Commonwealth Transportation Board (CTB) as projects that may be funded with funds from the Concession Payment. The Virginia Department of Transportation also recommended that the funding be used to support to fund, in whole or part, several Route 29 Projects in Fairfax County. On December 6, 2017, the CTB endorsed the list of projects recommended by the Authority and the Route 29 Projects.

On January 2, 2020, Fairfax County requested the following transfers among the projects approved for funding as part of the Concession Payment:

- \$3,366,819 in I-66 Concession Fee funds from the Concession Balance Entry Account for Fairfax County to Route 29 Widening Phase II (UPC 110329). The transfer is needed due to updated cost estimates for the project.

At its meeting on January 2, 2020, the RJACC recommended approval of the requests.

Fairfax, Virginia 22030

Reference: Recommendation to Reallocate Transform 66 Outside the Beltway Concession
Payment funds for Fairfax County

Dear Ms. Cuervo:

As part of the Transform 66 Outside the Beltway Project, the Concessionaire paid the Virginia Department of Transportation (VDOT), a Concession Fee/Payment to fund additional transportation improvements in the corridor (Concession Payment). Virginia Code specifies that allocations from the Concession Payments may be used to pay or finance all or part of the costs of programs or projects, but that (i) the allocations must be limited to programs and projects that are reasonably related to or benefit the users of the qualifying transportation facility that was the subject of a concession pursuant to the PPTA; and (ii) the priorities of metropolitan planning organizations, planning district commissions, local governments, and transportation corridors shall be considered by the Board in making project allocations from moneys in the Account.

On July 13, 2017, the Northern Virginia Transportation Authority (the Authority), with input from local jurisdictions, developed a list of projects for presentation to and consideration by the Commonwealth Transportation Board (CTB) as projects that may be funded with funds from the Concession Payment. The Virginia Department of Transportation also recommended that the funding be used to support to fund, in whole or part, several Route 29 Projects in Fairfax County. On December 6, 2017, the CTB endorsed the list of projects recommended by the Authority and the Route 29 Projects.

On January 2, 2020, Fairfax County requested the following transfer among the projects approved for funding as part of the Concession Payment:

- \$3,366,819 in I-66 Concession Fee funds from the Concession Balance Entry Account for Fairfax County to Route 29 Widening Phase II (UPC 110329). The transfer is needed due to updated cost estimates for the project.

On January 9, 2020, the Authority recommended approval of the reallocation request. Thank you very much.

Sincerely,

Phyllis Randall

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

TO: Chair Randall and Members of the
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

SUBJECT: Update on the 2020 Legislative Session

DATE: January 3, 2020

- 1) **Purpose:** To update the Northern Virginia Transportation Authority (NVTA) on the 2020 Legislative Session.
- 2) **Background:**
 - a) The NVTA adopted its 2020 Legislative Program on December 12, 2019.
 - b) The 2020 General Assembly Session commences on January 8, 2020.
 - c) Several bills have been pre-filed. As of today, not many impact the Authority's work to reduce congestion in Northern Virginia.
 - i) We expect the administration to submit a bill that addresses several transportation issues including restoring funding for the Authority and stabilizing the gas tax as a revenue source for transportation.
 - ii) Bills updating Virginia's Energy Plan will address a variety of goals and requirements. It is unclear if the legislation will attempt to change how Virginia plans or implements transportation improvements. We also expect extensive discussion among the General Assembly regarding the Long Bridge project.
 - iii) We are still waiting for committee assignments to determine where we need to focus on to advance our policy goals.
 - iv) The Governor's introduced budget did not have any significant matters affecting the Authority.
 - d) At the January 9th meeting, Ms. Baynard will share an initial list of legislation and observations on the start of General Assembly.

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

TO: Chair Randall and Members of the
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

DATE: January 3, 2020

SUBJECT: Executive Director's Report

Purpose: To inform the Northern Virginia Transportation Authority (NVTA) of items of interest not addressed in other agenda items.

1. **Regional Multimodal Mobility Program.** NVTA staff continues to work in partnership with the Commonwealth on the Regional Multimodal Mobility Program (RM3P). The project will address the region's congestion and accessibility challenges using a range of technologies. NVTA staff, together with numerous jurisdiction and agency staff members, are participating in five Program Element Guidance Teams. These teams are developing white papers that will be used to shape the procurements associated with each Program Element, scheduled for later in 2020. In addition, NVTA staff continue to participate in the Project Management Support Group and Communications Working Group. In the near future, NVTA staff will begin to coordinate with the RM3P independent evaluator (Virginia Transportation Research Council) on behalf of the RM3P team.
2. **5th Annual Northern Virginia Transportation Roundtable.** This year's event is scheduled for Wednesday March 11th, from 8:00 a.m. through noon at the NVTA offices. Once again, the event will be hosted by NVTA in conjunction with the Intelligent Transportation Society of Virginia (ITS-VA). Two expert panels, one from the public sector and one from the private sector, will provide perspectives on the region's preparedness for transportation technology. This year's Roundtable is especially timely given the work of the Transportation Technology Committee in developing a Transportation Technology Strategic Plan, and the ongoing ramp-up to the next TransAction update. ITS-VA is expected to announce registration details on January 30th, and the event is expected to be sold out, as it was last year.
3. **Joint Public Information Officer (PIO Meeting).** The Joint Public Information Officer group will meet on Tuesday, January 14th at 10:30 a.m. at the NVTA offices. This will be the third meeting for the PIOs. The PIOs will discuss regional collaboration, the

upcoming Six Year Program Update public comment period, transportation-related events and communication strategies. The Joint PIO Meeting will occur every three to four months.

- 4. The Transportation Technology Committee.** The Transportation Technologies Committee last met on Wednesday, December 4th. Proposals for the structure of, and topics for inclusion in, the Transportation Technologies Strategic Plan were presented to the Committee. Members provided thoughtful suggestions regarding the types of technologies proposed for consideration in the plan and how they could be grouped, as well as the linkages between said technologies and previously identified needs of the region. Opportunities and challenges faced by each grouping of technologies were also discussed.

NVTA Staff has begun the process of drafting the Transportation Technologies Strategic Plan, incorporating the input of the Committee and soliciting additional feedback when appropriate. The Committee's next meeting will be scheduled to review this document, a first draft of which is expected in March of 2020.

5. NVTA Standing Committee Meetings

- **Governance and Personnel Committee:** The next meeting of the NVTA Governance and Personnel Committee is TBD.
- **Finance Committee:** The NVTA Finance Committee is scheduled to meet next on Thursday, January 16, 2020 at 1:00pm.
- **Planning and Programming Committee:** The NVTA Planning and Programming Committee is scheduled to meet in February 2020. The meeting date will be posted when confirmed.

6. NVTA Statutory Committee Meetings:

- **Planning Coordination Advisory Committee:** The NVTA Planning Coordination Advisory Committee is scheduled to meet in February 2020. The meeting date will be posted when confirmed.
- **Technical Advisory Committee:** The next meeting of the NVTA Technical Advisory Committee is scheduled to meet in February 2020. The meeting date will be posted when confirmed.

7. CMAQ-RSTP Transfers:

- CMAQ and RSTP Transfers requested since the last Executive Director's report are presented in Attachment A.

8. Regional Projects Status Report:

- Please note the updated Regional Projects Status Report (Attachment B), which provides a narrative update for each project and the amount of project reimbursements requested and processed to date.

Attachments:

1. CMAQ-RSTP Transfers
2. Regional Projects Status Report

Attachment 1.

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY MEMORANDUM

TO: Chair Randall and Members of the
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

SUBJECT: Approval of Reallocation of Congestion Mitigation and Air Quality (CMAQ) and
Regional Surface Transportation Program (RSTP) funds for Fairfax County

DATE: January 3, 2020

- 1. Purpose:** To inform the Authority of Regional Jurisdiction and Agency Coordinating Committee (RJACC) Approval of Reallocation of Congestion Mitigation and Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) funds for Fairfax County.
- 2. Background:** On September 11, 2008, the Authority delegated the authority to approve requests to reallocate Congestion Mitigation and Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) funding between projects that were previously approved by the NVTa to the Regional Jurisdiction and Agency Coordinating Committee (RJACC).

On January 2, 2020, Fairfax County requested the following reallocations:

- \$745,904 in CMAQ funds from CMAQ balance entry account to Richmond Highway BRT (UPC 115549).
- \$2,297,148 in CMAQ funds from CMAQ balance entry account to Richmond Highway BRT (UPC 115549).
- \$57,828 in RSTP funds from RSTP balance entry account to Richmond Highway Widening (UPC 107187).
- \$539 in RSTP funds from RSTP balance entry account to Richmond Highway Widening (UPC 107187).
- \$3,043,052 in RSTP funds from Richmond Highway BRT (UPC 115549) to Richmond Highway Widening (UPC 107187).

The funding, which is being transferred from existing balance entry accounts, helps provide additional funding for projects on Richmond Highway.

The RJACC approved this request on January 2, 2020.

Attachment(s): DRAFT Letter to VDOT NOVA District Administrator Cuervo
Request from Fairfax County

Northern Virginia Transportation Authority

The Authority for Transportation in Northern Virginia

January 9, 2020

Ms. Helen Cuervo
District Administrator
Virginia Department of Transportation
4975 Alliance Dr. Suite 4E-342
Fairfax, Virginia 22030

Reference: Request to Reallocate Congestion Mitigation and Air Quality and Regional Surface Transportation Program funds for Fairfax County

Dear Ms. Cuervo:

On September 11, 2008, the Authority delegated the authority to approve requests to reallocate Congestion Mitigation and Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) funding between projects that were previously approved by the NVTA to the Regional Jurisdiction and Agency Coordinating Committee (RJACC).

On January 2, 2020, Fairfax County requested the following reallocations:

- \$745,904 in CMAQ funds from CMAQ balance entry account to Richmond Highway BRT (UPC 115549).
- \$2,297,148 in CMAQ funds from CMAQ balance entry account to Richmond Highway BRT (UPC 115549).
- \$57,828 in RSTP funds from RSTP balance entry account to Richmond Highway Widening (UPC 107187).
- \$539 in RSTP funds from RSTP balance entry account to Richmond Highway Widening (UPC 107187).
- \$3,043,052 in RSTP funds from Richmond Highway BRT (UPC 115549) to Richmond Highway Widening (UPC 107187).

The funding, which is being transferred from existing balance entry accounts, helps provide additional funding for projects on Richmond Highway.

NVTA's delegation requires that the RJACC notify the NVTA of these requests. The RJACC approved the request on January 2, 2020, and the NVTA was informed at their January 9, 2020, meeting. The NVTA has not objected to these reallocations.

Please take the necessary steps to reallocate these funds in the Transportation Improvement Program and the State Transportation Improvement Program. Thank you very much.

Sincerely,

Wendy Sanford
RJACC Vice-Chairman

Re: Reallocation of Regional Surface Transportation Program and Congestion Mitigation and Air Quality Funds

Dear Ms. Dominguez: *Noelle*

Fairfax County requests the approval of the Regional Jurisdiction and Agency Coordinating Committee (RJACC) to transfer a total of \$6,144,471 in federal funding as follows:

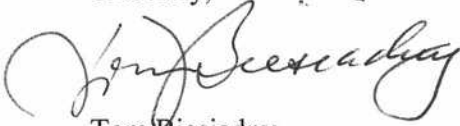

- \$745,904 in Congestion Mitigation Air Quality (CMAQ) funds from CMAQ balance entry account, to Richmond Highway BRT, (UPC 115549).
- \$2,297,148 in Congestion Mitigation Air Quality (CMAQ) funds from CMAQ balance entry account to Richmond Highway BRT, (UPC 115549).
- \$57,828 in Regional Surface Transportation Program (RSTP) funds from RSTP balance entry account to Richmond Highway Widening, (UPC 107187).
- \$539 in Regional Surface Transportation Program (RSTP) funds from RSTP balance entry account to Richmond Highway Widening, (UPC 107187).
- \$3,043,052 in Regional Surface Transportation Program (RSTP) funds from Richmond Highway BRT, (115549) to Richmond Highway Widening, (UPC 107187).

The funding, which is being transferred from existing balance entry accounts, helps provide additional funding for projects on Richmond Highway. The Authority has previously approved funding for both projects.

If you have any questions or concerns about this request, please contact Christina Farrar at (703) 877-5629.

Ms. Noelle Dominguez, Chairman
Regional Jurisdiction and Agency Coordinating Committee
Northern Virginia Transportation Authority

NVTA Funding Program Project Status

Upcoming Public Information Meetings:

NOTE: For the latest information on upcoming public meetings, please refer to the “**Events and Meetings**” section on our home page:

<https://thenovaauthority.org/>

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Arlington County	Blue Silver Line Mitigation - Purchase of four new transit buses to introduce Silver Line connecting service. Arlington Transit is using the four 19 passenger buses to enable additional capacity on the ART 43 Route between Crystal City, Rosslyn and Court House.	\$1,000,000 (FY2014)	Acquisition	Completed.			
Arlington County	Boundary Channel Drive Interchange – Constructs two roundabouts at the terminus of the ramps from I-395 to Boundary Channel Drive, which eliminate redundant traffic ramps to/from I-395. In addition, the project will create multi-modal connections (new trail connection to the Mt. Vernon trail) to/from the District of Columbia that will promote alternate modes of commuting into and out of the District.	\$4,335,000 (FY2014)	Construction	Planning and design underway IMR approval from FHWA was received on 10/8/2019; construction of the interchange is anticipated to begin in FY 2021. Agreement to transfer PE/ROW/CN phases from County to VDOT was approved at the September 21 County Board. Long Bridge Drive was completed on June 28, 2018 and is closed out. Public information meeting will be held on December 5, 2019.	Long Bridge Drive was completed in June 2018 and interchange is expected by end of calendar year 2022.	2022	50.7%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Arlington County	Columbia Pike Multimodal Improvement – Includes a modified street cross-section with reconfigured travel and transit lanes, medians and left-turn lanes, utility undergrounding and other upgrades along Arlington's 3.5-mile Columbia Pike corridor from the Fairfax County line on the west end to Four Mile Run.	\$12,000,000 (FY2014)	Construction	Streetscape and Undergrounding plan approval received in May 2017. Washington Gas in-street gas main and lateral connections have been completed. Old gas line has been abandoned. The undergrounding and streetscape improvement have commenced with NTP of 2/20/18. Watermain and lateral connections are complete. Sanitary sewer and storm sewer anticipated for completion by end of year. Utility duct bank system installation complete and accepted by respective utility representative on the western end of this	Spring 2021	Spring 2021	33.4%
				segment. DE currently pulling lines with Verizon and Comcast to follow. Revised plans for - east end utility undergrounding redesign given to Fort Myers for installation, retaining wall for 5001 and 5121 Columbia Pike are completed. Retaining wall at Frederick Street underway. Next project meetings are scheduled for 10/3, 10/17, and 10/31. 9/5 and 9/19 (every two weeks).			

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Arlington County	Columbia Pike Multimodal Street Improvements (East End) – Includes a modified street cross- section along the eastern portion of Arlington’s 3.5-mile Columbia Pike corridor. Specific works includes realignment of road including shifting the roadway south of its existing location, eliminating the s-curves, utility undergrounding and enhancing pedestrian facilities	\$10,000,000 (FY2015-16)	Engineering, Construction	<p>Segment A (East End) has been split into two sections. First section is Orme to Oak (West) and the second is Oak to Joyce Street (East).</p> <p>Segment A West – Design is 95% complete. Right-of-Way acquisition is underway, but must be completed prior to final plan approval and construction. Pursuing required easements with property owners to allow for a 10’ shared use sidepath on the north side for pedestrians/bicyclists. Ductbank system redesign as requested by Dominion Electric has been finalized and accepted by Dominion. Received verbal agreement from VDOT to place Dominion equipment within their property on south side of Columbia Pike. Verizon and Comcast reviewing plans.</p> <p><u>Segment A East</u> is subject to negotiations with Arlington National Cemetery, Eastern Federal Lands, Army Corps. Completed review of draft Environmental Assessment (EA) with comments sent to U.S. Army Corps of Engineers on 9/21/18. Agreement for Columbia Pike 88’ ROW. County staff reviewed 40% DAR plans and provided comments to Kimley Horn.</p>	Western Half – Fall 2021; Eastern Half – projected Spring 2022 (depending on negotiations)	Western Half – Fall 2021; Eastern Half – projected Fall 2021 (depending on negotiations)	9.5%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
				County Staff also reviewed 35% Arlington National Cemetery plans and provided comments to ANC. No additional meetings scheduled in December at this time. Possible Design Public Hearing in early January 2020. .			

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Arlington County	Crystal City Multimodal Center – Provides four additional saw-tooth bus bays for commuter and local bus services, seating, dynamic information signage, lighting, additional bicycle parking, curbside management plan for parking, kiss and ride, and shuttles, and pedestrian safety improvements along 18th Street South between South Bell Street and South Eads Streets.	\$1,500,000 (FY2014)	Construction	<p>Arlington completed the majority of the project (the additions of saw-tooth bus bays, seating, lighting, additional bicycle parking, pedestrian safety improvements, and the curbside management plan) in May 2017</p> <p>Ribbon cutting occurred on May 18, 2017. NVTA project is closed out.</p> <p>Project is completed and open.</p>	Completed. .	April 2018. .	100 %

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Arlington County	Ballston-MU Metrorail Station West Entrance – Constructs a second entrance to the Ballston- MU Metrorail Station, at North Fairfax Drive and North Vermont Street. Includes two street-level elevators & escalators, connecting to an underground passageway & new mezzanine. It will have fare gates, fare vending machines and an attended kiosk. Provides direct access, relieves congestion at the current entrance and provides for more even distribution along the platform	\$12,000,000 (FY2015-16)	Design	<p>At the end of July 2019, Arlington decided to move forward with the design-build delivery method. On August 8, the County met with WMATA to discuss the decision and determine next steps. On August 26, 2019 the County issued a task order to STV to update the previously-developed 35% design documents and to develop bidding documents, to solicit Design-Build services to complete the design and fully construct the Ballston-MU Metrorail Station west entrance project.</p> <p>STV has begun it's task and through their recent design work they have been able to identify and start the process of addressing conflicts between the previously developed 35% design documents and the latest WMATA design criteria and standards including but not limited to: the design of elevators and how such elevators are configured with the existing train room and on existing platforms, the design and size of the west entrance mezzanine, and designing safety and security provisions for the west entrance.</p> <p>In the upcoming weeks and months, STV will be surveying the project area, performing investigations to document</p>		Fall 2020	0.3%

				<p>existing site conditions, and updating the design as applicable. Property owners of the two adjacent buildings where the entrance will be located were brought on board to coordinate the project.</p> <p>.</p> <p>The County's On-call cost estimator developed an updated cost estimates, which range from \$123M - \$136M.</p> <p>The design support agreement with WMATA is under final review.</p>			

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Arlington County	Glebe Road Corridor Intelligent Transportation System Improvements – Design and construction of Intelligent Transportation System (ITS) and Adaptive Traffic Control System, including hardware and software for real time traffic data collection, Forward Looking Infra-Red (FLIR) traffic detection, 3D pedestrian and bike detection, interactive audible ADA accessible pedestrian crossings, CCTVs, backup power supply information systems, queue detections, and dynamic message signs.	\$2,000,000 (FY2015-16)	Engineering, Construction	Task 1 – On Site Support - Work completed Task 2 – Chain Bridge ITS upgrades – Final Plans approved by VDOT — preparing bid package. Task 3 – Chain Bridge Fiber communication – Completed. Task 4 – ITS Equipment Installations – Completed. Task 5 – TSP equipment installation – Waiting on contract to procure TSP equipment – meeting with transit and TSP providers re-scheduled to 8/26/2019 to determine if project can accelerate timeline.	Task 1 – completed Task 2 – Fall 2019 Task 3 - Completed Task 4 – Completed Task 5 – Fall 2019 Project Completion: Spring 2020	Task 1 – completed Task 2 – Fall 2019 Task 3 - Completed Task 4 – Completed Task 5 – Fall 2019 Project Completion: Spring 2020	31.1%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Arlington County	Lee Highway Corridor ITS Enhancements – The project proposes to address congestion, safety, and transit issues by installing an Intelligent Transportation System (ITS) and corresponding Adaptive Traffic Control System program, to better manage traffic flow for both automobiles and buses. The project will install additional Bluetooth devices, count stations, CCTV cameras, and Forward Looking Infrared (FLIR) detectors in order to monitor traffic flow and safety of all modes. At the interchange of Lee Highway and I- 66, the project will upgrade two signals, providing a better-timed connection between I-66 and Lee Highway. The project will also upgrade existing mast arm signals and add or improve existing streetlights along Lee Highway.	\$3,000,000 (FY2017)	Design, PE, ROW, Construction	Task 1: On-Site ITS Consultant – Work completed Task 2: Signal Upgrades – task order in process for consultant bid set drawings Task 3: Streetlighting – construction to start by 2019 end Task 4: ITS equipment deployment - Field survey completed. Equipment procurement is expected by the end of August. Arlington County	Pentagon City Multimodal Connections and Transitway Extension – The project adds capacity and makes operational improvements to an inefficiently performing area of Pentagon City, where there is high demand for transit, pedestrian, and bicycle trips, but where the layout of existing streets makes those trips slow, difficult, and dangerous, thus pushing users into automobile trips that exacerbate congestion. The project provides dedicated bus lanes for Metroway service, a premium bus service that operates much like bus rapid transit.	\$28,850,000 (FY2018-23)	Construction	Multimodal Connections – 30% design open house with the public was held on 6/25/2019. Project is nearing the end of the 30% design stage and will advance to 90% design in Fall 2019. Final Value Engineering study will be submitted week of September 30. VDOT is preparing the NEPA study. Construction is anticipated to begin in Fall 2021. Transitway - The Crystal Drive segment (Segment I) is currently in the design phase. The civil design was completed in spring 2019. An A/E firm is working on the architectural, structural and electrical engineering design of the stations. The Transitway extension to Pentagon City is a continuation of the CCPY project, therefore, the new stations have a similar look. The A/E firm will deliver a 90% submittal in December 2019. The design for Segment I is estimated to be completed in Spring 2020. Construction of Segment I will be coordinated with the 12 th Street South Complete Street project. 12 th Street South segment (Segment II) is currently in concept phase. A consultant is in the process of developing a traffic and operations analysis along 12 th Street South from	April 2023.	April 2023.	0%

City of Alexandria	Alexandria Bus Network ITS - Will implement MobileCAD application for DASH that will allow field supervisors and the public real-time bus arrival information on electronic devices and SMS text messages. It will also provide five real-time information signages in addition to the 20 signages provided by WMATA on major transit corridors in the City.	\$150,000 (FY2018-23 SYP)	Asset acquisition	<p>Authority approved the Standard Project Agreement on February 14, 2019. Five real-time information displays have been purchased and installed. Work on the real-time arrival system with GTFS-rt is complete, however, the SMS text messages is still in progress and should be complete by the end of December. The Design of the SMS system has been finalized, therefore new bus stop sign design can begin. Signs are planned for order in November and installation in early 2020.</p> <p>Mobile CAD will be deployed by December 2019. The delay is due to additional work that must be done by vendor to accommodate new IT security policies on how City servers may be accessed by external parties.</p> <p>Work is underway on the real-time arrival system. DASH is now integrated into WMATA's BusETA and has soft-launched its real-time GTFS system. The new DASH-branded BusETA/OneBusAway portal is in development and will be completed by December.</p>	September 2019	September 2019	0%

Virginia Railway Express	Gainesville to Haymarket Extension / Broad Run Expansion – Corridor study and preliminary engineering development of an 11-mile VRE extension from Manassas to Gainesville- Haymarket.	\$1,500,000 (FY2014)	Planning, Project Dev., Conceptual Design.	The Project Development phase, including NEPA (documented CE) and Preliminary Engineering (PE)/30% design is underway for expansion of the VRE Broad Run Station and Maintenance and Storage Facility (MSF) site. Final 30% design plans are under development. Draft CE is under development for FTA review.	2024	2019	90.0%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Virginia Railway Express	Lorton Station Second Platform – Includes final design and construction of a 650-foot second platform at the VRE Lorton Station in Fairfax County to accommodate trains up to 8 cars in length.	\$7,900,000 (FY2014)	Final Design, Construction	Preliminary engineering/30% design plans and NEPA documentation are complete. Final design is currently underway.	2022	2022	8.8%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Virginia Railway Express	Manassas Park Station Parking Expansion - Planning and engineering investigations to expand parking and pedestrian connections at the VRE Manassas Park station	\$500,000 (FY2015-16)	Planning & Engineering Studies	Funds fully utilized. Project continuing (see below)			100%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Virginia Railway Express	Manassas Park Station Parking Expansion (continuation) - Planning and engineering investigations to expand parking and pedestrian connections at the VRE Manassas Park station.	\$2,000,000 (FY2017)	Design, PE, Environment al	Continuation of the FY2015- 16 projects. Alternatives analysis and planning / Preliminary Engineering / 30% design completed. Final design underway Recent request by City of Manassas Park may require redesign of garage. VRE working with City and consultant to evaluate.	2022	2020	22.3%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Virginia Railway Express	Franconia-Springfield Platform Expansion - Design and construction to extend the existing north-side (Metro station side) platform by up to 700 feet to allow the north-side platform at the station to be usable by full length VRE trains. It also includes design and construction of modifications to the south-side platform at the station.	\$13,000,000 (FY2015-16)	Design, Construction	Preliminary engineering/30% design plans and NEPA documentation are complete. Final design is currently underway.	2022	2022	3.9%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Virginia Railway Express	Rippon Station Expansion and Second Platform - Includes NEPA, design and construction to modify the existing platform and add a second platform at the station to service trains up to 8 cars long. An elevator will also be constructed to get passengers to the new platform.	\$10,000,000 (FY2015-16)	NEPA, Design, Construction	Draft Preliminary Engineering/30% design plans and NEPA documents are complete for review by CSXT. Final Design services Will be initiated following receipt of CSXT review comments. .	2023	2023	0.4%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Virginia Railway Express	Slaters Lane Crossover - Includes the design and construction of a rail crossover and related signal equipment near Slaters Lane, north of the VRE Alexandria station. It will enable trains to move between all 3 tracks and makes the east side (Metro side) platform at the VRE Alexandria station usable from both sides.	\$7,000,000 (FY2015-16)	Design, Construction	Track and signal construction is complete. Final CSXT invoice has been received and paid by VRE; reimbursement request to NVTA is pending.	2019	2019	20.8%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Virginia Railway Express	Crystal City Platform Extension Study - Includes planning and engineering investigations to evaluate the options for expansion of the VRE Crystal City station that will alleviate existing crowding, improve multimodal connections, and accommodate future service expansion and bi-directional service. The project includes development of a NEPA checklist.	\$400,000 (FY2015-16)	Planning Engineering Studies	Concept Design is complete. Preliminary Engineering/30% design and environmental review initiated. NVTA has approved final design funding for FY2021.	2023	September 2018. Final invoice pending receipt of CSXT invoice for design review.	98.6%

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/30/19
Washington Metropolitan Area Transit Authority	Orange Line 8-Car Traction Upgrades – Begins the process of upgrading traction power along the Orange Line by incrementally improving the power system to increase power supply capacity to support the future expanded use of eight car trains.	\$4,978,685 (FY2014)	Construction Contract Admin.	Installation of the traction power gear began June 11, 2017 at K06TB2 Greenwich Street cutover back on-line July 28, 2017 and punch list items completed by Sep. The second location at K07TB2 was cutover back on-line on August 21, 2017 and punch list items completed in Oct. NVTA funded phases are 100% complete and contract close out is currently in progress.	Projected Contract Close- out early 2020.	January 2019. (Overall Contract Completion May 2019)	29.8%
