**NORTHERN VIRGINIA TRANSPORTATION AUTHORITY****RESOLUTION 20-08 FINDING NEED TO CONDUCT MEETING BY ELECTRONIC  
COMMUNICATION MEANS DURING GOVERNOR'S DECLARED STATE OF  
EMERGENCY DURING COVID – 19 PANDEMIC****JANUARY 14, 2021 MEETING ELECTRONICALLY**

January 14, 2021

**WHEREAS**, on March 12, 2020, the Governor of Virginia declared a state of emergency in Virginia in response to the spread of novel coronavirus, or COVID-19, a communicable disease of public health threat as so declared by the State Health Commissioner on February 7, 2020 (“COVID-19”); and

**WHEREAS**, in subsequent Executive Orders, particularly Executive Order Nos. 53 and 55, as amended, the Governor of Virginia, among other measures designed to ensure safe physical distancing between individuals, prohibited public and private in person gatherings of 10 or more individuals and ordered all individuals in Virginia to remain at their place of residence, with limited exceptions, to mitigate the impacts of COVID-19 and prevent its spread; and

**WHEREAS**, the Northern Virginia Transportation Authority finds that it has a responsibility to demonstrate to the public, through the Authority’s conduct, the importance of maintaining proper physical distance from others and to avoid gathering in public where the risks of infection are highest, and to take measures that promote physical distancing in order to protect the public health and mitigate the impacts and spread of COVID-19, including, among others, conducting meetings electronically whenever possible; and

**WHEREAS**, on April 22, 2020, the Virginia General Assembly adopted, and the Governor signed, budget bill amendments to HB 29 that expressly authorize “any public body, including any state, local, [or] regional body” to “meet by electronic communication means without a quorum of the public body . . . physically assembled at one location when the Governor has declared a state of emergency . . . , provided that (i) the nature of the declared emergency makes it impracticable or unsafe for the public body . . . to assemble in a single location; (ii) the purpose of the meeting is to discuss or transact the business statutorily required or necessary to continue operations of the public body . . . and the discharge of its lawful purposes, duties, and responsibilities” among other provisions; and

**WHEREAS**, member jurisdictions of the Northern Virginia Transportation Authority have adopted continuity of government ordinances pursuant to Va. Code Ann. § 15.2-1413 which ordinances, among other provisions, contemplate regional bodies of which the locality is a member meeting electronically to transact business to assure the continuity of government; and

**NOW, THEREFORE, BE IT RESOLVED**, that the Northern Virginia Transportation Authority hereby finds that meeting by electronic means is authorized because the nature of the declared emergency makes it both impracticable and unsafe for the Authority to assemble in a single location on January 14, 2021, to discuss and transact the business of the Authority listed on the January 14, 2021 Authority Meeting Agenda; and

**BE IT FURTHER RESOLVED**, that the Authority hereby finds that meeting by electronic means is authorized because the items on the January 14, 2021, Authority Meeting Agenda are statutorily required or necessary to continue operations of the Authority and the discharge of the Authority's lawful purposes, duties, and responsibilities; and

**BE IT FURTHER RESOLVED**, that the items on the January 14, 2021, Authority Meeting Agenda are encompassed within the continuity of operations ordinances adopted by member localities of the Northern Virginia Transportation Authority to assure the continued operation of the government during the disaster posed by the public health emergency resulting from COVID-19.

Adopted the 14th day of January, 2021.

## Northern Virginia Transportation Authority

The Authority for Transportation in Northern Virginia

### MINUTES

Thursday, December 17, 2020

6:00pm

3040 Williams Drive, Suite 200

Fairfax, VA 22031

Meeting conducted on WebEx and Live Streamed via YouTube

#### 1. Call to Order

Chair Randall

- ✓ Chair Randall called the meeting to order at 6:04pm.

#### 2. Roll Call

Margaret Duker, Clerk

- ✓ Voting Members: Chair Randall; Mayor Parrish; Supervisor Alcorn; Chair Wheeler; Chair Garvey; Mayor Meyer; Mayor Wilson; Mayor Rishell; Council Member Snyder; Senator Boysko; Delegate Watts; Delegate Roem; Ms. Hynes; Mr. Kolb.
- ✓ Non-Voting Members; Mayor Wood; Ms. Cuervo; Ms. Mitchell.
- ✓ Staff: Monica Backmon (Executive Director); Michael Longhi (CFO); Keith Jasper (Principal, Planning and Programming); Sree Nampoothiri (Senior Transportation Planner); Peggy Teal (Assistant Finance Officer); Dev Sen (Financial Analyst); Margaret Duker (Board Clerk).
- ✓ Other Attendees: Rob Dickerson (Council of Counsels); Steven MacIsaac (Council of Counsels); Joanna Anderson (Council of Counsels); Daniel Robinson (Council of Counsels); Tracy Baynard (McGuire Woods Consulting LLC); Susan Shaw (VDOT).

#### 3. Adoption of Resolution 20-07 to Find Need to Conduct Meeting by Electronic Communication Means during Governor's declared State of Emergency during COVID-19 Pandemic

Chair Randall

*Recommended action: Adoption of Resolution 20-07 for Electronic Meetings During COVID-19 Pandemic*

- ✓ Mayor Parrish made the motion to adopt Resolution 20-07 to Find the Need to Conduct Meeting by Electronic Communication Means during the Governor's declared State of Emergency during COVID-19 Pandemic; seconded by Delegate Roem. Motion passed unanimously (14-0).

#### 4. Minutes of the November 12, 2020 Meeting

*Recommended action: Approval [with abstentions from those who were not present]*

- ✓ Delegate Roem moved for acceptance of the November 12, 2020, Meeting Minutes; seconded by Senator Boysko. Motion passed (12-0-2) with abstentions from Chair Garvey and Supervisor Alcorn.

## **Presentation**

### **5. Transform 66 Outside the Beltway Concession Fee Projects Update** Ms. Shaw, Mega-Projects Manager, VDOT

- ✓ Ms. Shaw provided an overview of the requirements of projects funded with the Concession Fee noting projects:
  - Must benefit the toll facility user according to Virginia Code.
  - Be federally eligible.
  - Must meet one of the project improvement goals like reducing congestion, increasing travel options, enhancing transportation connectivity etc.
  - Be recommended by the NVTB.
  - Be approved by the Commonwealth Transportation Board.
- ✓ She noted that four categories of projects were selected for the Concession Fee Project Improvements and some of the updates are:
  - Transform 66 project construction limits:
    - Construction is underway for the four-lane widening of the Jermantown Road Bridge.
    - Monument Drive Bridge is being widened to include a pedestrian facility.
    - The Poplar Tree Road Bridge widening to four lanes was opened to traffic in November of this year.
    - Currently working to expand the median where I-66 goes over Route 29. This will enable Route 29 to have a wider section and also improve pedestrian facility.
  - Transit Improvement Projects:
    - Design build procurement is underway for the Commuter Parking Garage and Transit Station at Fairfax Corner being handled by Fairfax County.
    - Design is underway for the East Falls Church Metrorail Station Bus Bay Expansion. Construction will start in Spring of 2022 and open late 2022.
    - Construction has been completed for the PRTC Western Bus Maintenance and Storage Facility. Operations are scheduled to begin in early 2021.
    - Projects are underway for the VRE Manassas Line Capacity Expansion and real-time traveler information project.
  - Pedestrian improvement Projects:
    - Design is underway for the Nutley Street Southwest Mixed-use trail from Marshall Road Southwest to Tapawingo Road Southwest, which is being handled by Fairfax County.

- Design is ongoing and construction slated to start in 2024 for the George Snyder Trail from Route 123 to Route 5 at Draper Drive, also being handled by City of Fairfax.
- Design is also underway for the Lee Highway Sidewalk improvements from Nutley Street to Vaden Drive and that is being handled by VDOT.
- Roadway Projects:
  - Design is underway for US 50 and Waples Mill Road Intersection improvements.
  - Utility Relocations are underway with construction slated to commence early 2021 for Balls Ford Road Widening (from Groveton Road to Route 234 business).
  - Design-Build project is also ongoing for Route 234 at Balls Ford Road Interchange with Balls Ford Road improvements.
  - The widening for Devlin Road from Balls Ford to University Boulevard is also underway.
  - For the Route 29 widening of 1.5 miles, design is currently underway. Right of Way begins in 2021 with planned construction in 2023.
- ✓ Ms. Shaw noted that of the \$500 million concession payment, \$485 million has been committed to projects with \$15 million available.
- ✓ Over \$54.5 million in work has been done thus far. Ms. Shaw concluded her presentation with a video showing the progress made on the different projects and sections across I-66.
- ✓ Delegate Roem commented that the removal of the traffic lights on Route 28 has made a remarkable difference on commutes from Centreville to Route 7, citing this is a huge game-changer.
- ✓ Chair Randall shared similar views, applauding the work done on that alignment.
- ✓ Ms. Shaw explained that these changes have been made possible due to the great partnership from different agencies.
- ✓ Senator Boysko also agreed with the earlier comments, noting that with the northern part of Route 28 being in the 33rd District, has really made life better for her constituents.
- ✓ Mayor Meyer expressed his appreciation noting how commendable it is for all of these different agencies to team up and make this possible. He proceeded with asking whether the Jermantown Road improvement will have a pedestrian and bike facility on both the east and west side.
- ✓ Ms. Shaw confirmed that it will.
- ✓ Delegate Watts commented how VDOT diligently sought funding over the years to make these project improvements and is now able to deliver as planned.

## **Action Items**

### **6. Adoption of 2021 Legislative Program**

Ms. Backmon, Executive Director

Ms. Baynard, McGuire Woods Consulting, LLC

*Recommended action: Adoption of the Legislative Program*

- ✓ Ms. Baynard updated the Authority on legislative priorities and changes to the draft Legislative Program as recommended by the Governance and Personnel Committee.
  - Protect the Authority's dedicated revenue funding. Should there be any move to divert funds from the Authority going forward, a repayment plan will have to be put in place as part of that diversion.
  - Removal of the section on Transit Capital Funding, as it is no longer an issue.
  - Expand and strengthen the call for additional funding to support the operations of transit systems like Metro.
- ✓ Chair Randall noted that there will likely be revenues impacts due to COVID-19, so it is very important to ensure the Authority's funding is protected.

Chair Randall moved Authority approval of the Draft 2021 Legislative Program; seconded by Mayor Parrish. Motion passed unanimously (14-0).

### **7. Approval of Revisions to Policy 19 –Local Distribution (30% Funds)** Mr. Longhi, CFO

*Recommended action: Approval of Revisions*

Mayor Parrish moved Authority approval of the attached changes to Policy 19 - Local Distribution (30% Funds); seconded by Delegate Watts. Motion passed unanimously (14-0).

### **8. Approval of Revisions to Policy 20-Regional Revenue (70% Funds)** Mr. Longhi, CFO

*Recommended action: Approval of Revisions*

Mayor Parrish moved Authority approval of the attached proposed changes to Policy 20 – Regional Revenue (70 % Funds); seconded by Mayor Rishell. Motion passed unanimously (14-0).

### **9. Approval of Economic Impact Analysis Contract**

Ms. Dev Sen, Financial Analyst

*Recommended action: Approval of Contract*

- ✓ Ms. Sen presented the proposed Economic Impact Analysis Contract with Chmura Economics & Analytics, LLC (Chmura) as recommended by the Finance Committee.
- ✓ She noted that the Request for Proposals was issued August 10, 2020, (on NVTa's website as well as the Commonwealth's eVA procurement system) with proposals due on September 4, 2020.

- ✓ Of the four firms which submitted responses, two were selected for competitive negotiations, with one unanimously recommended by the evaluation team when the cost proposals were evaluated.
- ✓ Worth noting that Chmura conducted the most recent of the two previous analyses.

Mayor Parrish moved Authority approval of the proposed Economic Impact Analysis Contract with Chmura Economics & Analytics, LLC; seconded by Senator Boysko. Motion passed unanimously (14-0).

#### 10. Approval of Vision Statement for TransAction Update

Mr. Jasper,

Principal, Planning and Programming

*Recommended action: Approval of Vision Statement*

- ✓ Mr. Jasper presented the revised Vision Statement for the TransAction update to the Authority which reads “**Northern Virginia will plan for, and invest in, a safe, equitable, sustainable, and integrated multimodal transportation system that enhances quality of life, strengthens the economy, and builds resilience**”.
- ✓ He pointed out that this new vision statement is important as it sets the aspirations of projects in TransAction, which is the long-range transportation plan for Northern Virginia.
- ✓ Mr. Jasper added that members of the Technical Advisory Committee (TAC), Planning Coordination Advisory Committee (PCAC), Planning and Programming Committee (PPC), Regional Jurisdiction and Agency Coordinating Committee (RJACC), all weighed in and unanimously agreed on this new vision statement.
- ✓ He explained that the approval of this statement will enable the formulation of goals and increase momentum going into the new year.

Chair Randall moved Authority approval of the vision statement for the TransAction Update; seconded by Council Member Snyder. Motion passed unanimously (14-0).

### Discussion/Information Items

#### 11. Nominating Committee Report

Chair Wheeler and Mayor Wood

- ✓ Mayor Wood and Chair Wheeler informed the Authority that the Nominating Committee recommends Chair Randall to continue as Chair of the Authority with Council Member Snyder as Vice-Chair for calendar year 2021.

#### 12. Calendar Year 2021 Meeting Schedule

Ms. Backmon, Executive Director

- ✓ Ms. Backmon reviewed the draft 2021 Authority meeting schedule noting the recommendation is that the Authority continue to meet on the second Thursday of the month at 7pm, with exceptions in the month of

November (third week due to Veterans Day and December at 6pm instead of 7pm).

- ✓ Chair Randall advised Members to review the proposed dates and be prepared to vote on the schedule at the January 2021 meeting.

**13. Finance Committee Report**

Mayor Rishell, Vice-Chair

- ✓ No verbal report given.

**i. Investment Portfolio Report**

Mr. Longhi, CFO

- ✓ No verbal report given.

**ii. Monthly Revenue Report**

Mr. Longhi, CFO

- ✓ No verbal report given.

**iii. Operating Budget Report**

Mr. Longhi, CFO

- ✓ No verbal report given.

**14. Planning Coordination Advisory Committee Report**

Council Member Miles,  
Vice-Chair

- ✓ No verbal report given.

**15. Technical Advisory Committee Report**

Mr. Boice, Chair

- ✓ No verbal report given.

**16. Executive Director's Report**

Ms. Backmon, Executive Director

- ✓ Ms. Backmon informed the Authority that all updates are in the Executive Director's Report in the packet.

**17. Chair's Comments**

- ✓ Chair Randall commended the service of Mayor Wood having served on the Authority for two consecutive years, noting that this was his last meeting as the Town representative.
- ✓ Mayor Wood commented that he was very grateful for the opportunity to have served on the Authority, noting that he was leaving the Board in good hands.
- ✓ Delegate Roem added that it has been a great pleasure, in her first year to work alongside Chair Wheeler and Mayor Wood.
- ✓ Chair Randall further noted that it has been an absolute pleasure working alongside Mayor Parrish. Adding that despite Mayor Parrish being a Republican among many Democrats, he is a gentleman who set aside partisanship in order to advance worthy causes.
- ✓ Mayor Rishell also commended Mayor Parrish for his spirit of cooperation and dedication to the Authority as well as his jurisdiction.

- ✓ Ms. Cuervo echoed similar sentiments saying it has been a pleasure to work with Mayor Parrish.
- ✓ Authority Members took turns expressing their appreciation for Mayor Parrish, for the genteelness he always brought to the Authority and the incredible legacy he is leaving behind.
- ✓ Mayor Parrish thanked Members for their kind comments and encouraged all to keep up the good work.

#### **18. Adjournment**

- ✓ The meeting adjourned at 7:37pm.

#### **Correspondence**

**Next Meeting: January 14, 2021 at 7:00pm**

**NVTA Offices**

## NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

**TO:** Chair Phyllis J. Randall and Members  
Northern Virginia Transportation Authority

**FROM:** Chair Ann Wheeler, Nominating Committee

**DATE:** January 7, 2021

**SUBJECT:** Appointment of Authority Chair and Vice-Chair for CY2021

---

**Purpose:** To seek Northern Virginia Transportation Authority (NVTA) appointment of the Authority Chair and Vice-Chair for Calendar Year 2021.

**Suggested Motion:** *I move Authority appointment of Phyllis J. Randall as Chair and Council Member David Snyder, as Vice-Chair, of the Northern Virginia Transportation Authority, for calendar year 2021.*

**Background:**

- The Authority elects annually, from its voting members, a Chairman and a Vice Chairman.
- Officers of the Authority are elected at the annual organizational meeting.
- At a regular meeting held preceding the annual organizational meeting at which the election of officers will be held, the Chairman shall appoint a nominating committee.
- Chair Randall appointed Chair Ann Wheeler and Mayor Derrick Wood as the Nominating Committee at the November 2020 Authority meeting.
- At the December 2020 Authority meeting, the Nominating Committee recommended that Chair Randall be reappointed to the position of Authority Chair and Council Member Snyder be appointed as Authority Vice-Chair for CY2021.
- The Chairman shall preside over all meetings of the Authority at which he or she is present, and shall vote as any other member. The Chairman shall be responsible for the implementation of the actions taken and policies established by the Authority, shall have all of the powers and duties customarily pertaining to the office of Chairman, including the appointment of committee chairs, and shall perform such other duties as may from time to time be established by the Authority.
- In the event of the absence of the Chairman, or the inability of the Chairman to perform any of the duties of the office or to exercise any of the powers thereof, the Vice Chairman shall perform such duties and possess such powers as are conferred on the Chairman, and shall perform such other duties as may from time to time be assigned to the Vice Chairman by the Chairman or be established by the Authority.

## NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

**TO:** Chair Phyllis J. Randall and Members  
Northern Virginia Transportation Authority

**FROM:** Monica Backmon, Executive Director

**DATE:** January 7, 2021

**SUBJECT:** Appointment of Town Representative to the Authority for CY2021

---

**Purpose:** To seek Northern Virginia Transportation Authority (NVTa) appointment of the Town Representative to the Authority for Calendar Year 2021.

**Suggested Motion:** *I move Authority appointment of Mayor Kelly Burk, of the Town of Leesburg, as the calendar year 2021 Town Representative to the Northern Virginia Transportation Authority.*

**Background:**

- As part of the composition of the Authority membership, there is a requirement that the Authority include the chief elected officer of one town in a county embraced by the Authority with a population of 3,500 or more.
- The Town Representative is to be chosen by the Authority at the annual meeting and is a non-voting member.
- The Mayors of Dumfries, Herndon, Leesburg, Purcellville and Vienna were queried as to their interest in serving for calendar year 2021.
- Mayor Kelly Burk, Town of Leesburg, was recommended by the Mayors of the above referenced towns, to serve on the Authority for calendar year 2021.
- Upon appointment confirmation, Mayor Burk will represent the towns on the Authority for calendar year 2021.

## NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

**TO:** Chair Phyllis J. Randall and Members  
Northern Virginia Transportation Authority

**FROM:** Monica Backmon, Executive Director

**DATE:** January 7, 2021

**SUBJECT:** Adoption of CY 2021 Meeting Schedule

---

**Purpose:** To seek Northern Virginia Transportation Authority (NVTa) adoption of the meeting schedule for calendar year 2021.

**Suggested Motion:** *I move adoption of the Authority meeting schedule for calendar year 2021.*

**Background:** As the regions multi-modal transportation planning, programming and funding entity, it is vitally important to allow sufficient planning time for the Authority to conduct its business meetings.

Consistent with prior practice, the Executive Director proposes the Authority continue to meet on the second Thursday of each month at 7:00pm for CY2021 as indicated below with noted exceptions:

- February 11, 2021 at 7:00pm
- March 11, 2021 at 7:00pm
- April 8, 2021 at 7:00pm
- May 13, 2021 at 7:00pm
- June 10, 2021 at 7:00pm
- July 8, 2021 at 7:00pm
- **August - No Meeting, unless special circumstances require.**
- September 9, 2021 at 7:00pm
- October 14, 2021 at 7:00pm
- **November 18, 2021 at 7:00pm – Date changed due to Veterans Day.**
- **December 9, 2021 at 6:00pm**

**NORTHERN VIRGINIA TRANSPORTATION AUTHORITY**  
**MEMORANDUM**

9.

**TO:** Chair Randall and Members  
Northern Virginia Transportation Authority

**FROM:** Monica Backmon, Executive Director

**SUBJECT:** Approval of Reallocation of Regional Surface Transportation Program (RSTP) funds for Fairfax County

**DATE:** January 7, 2021

---

1. **Purpose.** To seek Northern Virginia Transportation Authority (NVTa) approval of the Reallocation of Regional Surface Transportation Program (RSTP) funds for Fairfax County.
2. **Suggested Motion:** *I move Authority approval of the reallocation of Regional Surface Transportation Program (RSTP) funds for Fairfax County.*
3. **Background:** On September 11, 2008, the Authority delegated the authority to approve requests to reallocate Congestion Mitigation and Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) funding between projects that were previously approved by the NVTa to the Regional Jurisdiction and Agency Coordinating Committee (RJACC). However, the Authority will need to approve the transfer requests for new projects before any funds can be reallocated.  
On December 17, 2020, Fairfax County requested the following transfers:
  - \$200,000 from Sunrise Valley South — Soapstone to South Lakes (UPC103284) to Cinderbed Road Bikeway (UPC 106143).
  - \$1,731,870 from TMSAMS — PE Only (UPC 104293) to Cinderbed Road Bikeway (UPC 106143).
  - \$81,372 from Towne Center Parkway at Sunset Hills (UPC 107437) to Cinderbed Road Bikeway (UPC 106143).
  - \$750,000 from Sunrise Valley Sidewalk — Glade to Reston Parkway (UPC 107438) to Cinderbed Road Bikeway (UPC 106143).

The funding, which is being transferred from existing balance entry accounts, helps provide additional funding for the Cinderbed Bikeway project. The Cinderbed Road Bikeway has not previously received RSTP funding, and the transfer would require approval from the Authority.

At its meeting on December 17, 2020, the RJACC recommended approval of the request.

**Attachment(s):** DRAFT Letter to VDOT NOVA District Administrator Cuervo  
Request Letter from Fairfax County

**Coordination:** Regional Jurisdiction and Agency Coordinating Committee

## Northern Virginia Transportation Authority

*The Authority for Transportation in Northern Virginia*

January 14, 2021

Ms. Helen Cuervo  
District Administrator  
Virginia Department of Transportation  
4975 Alliance Dr. Suite 4E-342  
Fairfax, Virginia 22030

Reference: Request to Reallocate Regional Surface Transportation Program (RSTP) funds for Fairfax County

Dear Ms. Cuervo:

On September 11, 2008, the Northern Virginia Transportation Authority (NVTA) delegated the authority to approve requests to reallocate Congestion Mitigation and Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) funding between projects that were previously approved by the NVTA to the Regional Jurisdiction and Agency Coordinating Committee (RJACC). However, since the receiving projects are new, the Authority needs to approve the transfer requests before any funds can be reallocated.

On December 17, 2020, Fairfax County requested the following transfers:

- \$200,000 from Sunrise Valley South — Soapstone to South Lakes (UPC103284) to Cinderbed Road Bikeway (UPC 106143).
- \$1,731,870 from TMSAMS — PE Only (UPC 104293) to Cinderbed Road Bikeway (UPC 106143).
- \$81,372 from Towne Center Parkway at Sunset Hills (UPC 107437) to Cinderbed Road Bikeway (UPC 106143).
- \$750,000 from Sunrise Valley Sidewalk — Glade to Reston Parkway (UPC 107438) to Cinderbed Road Bikeway (UPC 106143).

The funding, which is being transferred from existing balance entry accounts, helps provide additional funding for the Cinderbed Bikeway project. The Cinderbed Road Bikeway has not previously received RSTP funding, and the transfer would require approval from the Authority.

On January 14, 2021, the Authority approved the request noted above. Please take the necessary steps to reallocate these funds in the Transportation Improvement Program and the State Transportation Improvement Program. Thank you very much.

Sincerely,

Phyllis J. Randall  
Chair

## County of Fairfax, Virginia

To protect and enrich the quality of life for the people, neighborhoods and diverse communities of Fairfax County

November 19, 2020

Ms. Noelle Dominguez, Chairman  
Regional Jurisdiction and Agency Coordinating Committee  
Northern Virginia Transportation Authority  
3040 Williams Drive, Suite 200  
Fairfax, Virginia 22031

Re: Reallocation of Regional Surface Transportation Program Funds

Dear Ms. Dominguez: *Noelle*

Fairfax County requests the approval of the Northern Virginia Transportation Authority to make the following transfers of Regional Surface Transportation Program (RSTP) federal funding:

- \$200,000 from Sunrise Valley South – Soapstone to South Lakes (UPC103284) to Cinderbed Road Bikeway (UPC 106143).
- \$1,731,870 from TMSAMS – PE Only (UPC 104293) to Cinderbed Road Bikeway (UPC 106143).
- \$81,372 from Towne Center Parkway at Sunset Hills (UPC 107437) to Cinderbed Road Bikeway (UPC 106143).
- \$750,000 from Sunrise Valley Sidewalk – Glade to Reston Parkway (UPC 107438) to Cinderbed Road Bikeway (UPC 106143).

The funding, which is being transferred from existing balance entry accounts, helps provide additional funding for the Cinderbed Bikeway project. The Cinderbed Road Bikeway has not previously received RSTP funding, and the transfer would require approval from the Authority.

If you have any questions or concerns about this request, please contact Christina Farrar at (703) 877-5629.

Sincerely,

  
Tom Biesiadny  
Director

## **NVTA 2020 ANNUAL REPORT -**

### **A YEAR IN REVIEW:**

*Planning for Evolving Needs*

(Placeholder)

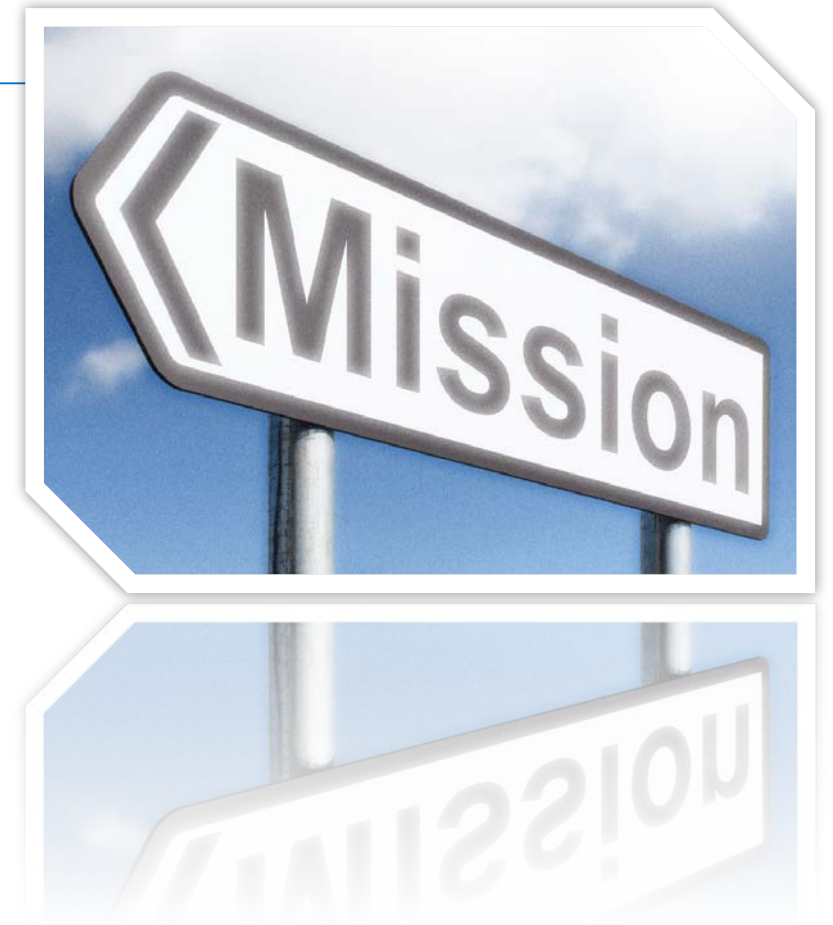

# The RM3P Journey: Innovation Concept to Real World Implementation

JANUARY 14, 2021

# The Mission

*Leverage the collaborative use of  
real-time data  
by Virginia's public and private sectors  
to improve travel safety, reliability, and mobility,  
and  
to give public the tools  
to make better informed travel choices.*

# The Beginning

---

- Integrated Corridor Management (ICM) Plans
- Partner, NVTA, acknowledged ICM matching vision of their long-range regional plan, TransAction
- NVTA and Commonwealth of Virginia co-sponsored implementation of a large portion of the ICM Plans - RM3P
- Innovative Technology Transportation Funds (ITTF)

- *Public transit infrastructure & services*
- *Safe and reliable transportation services*
- *Existing transportation network capacity*
- *New and emerging technologies*
- *Efficient and sustainable transportation network*
- *Establish a model that can be replicated*

Travel Decisions Powered by Data

## Virginia Regional Multi-Modal Mobility Program (RM3P)

RM3P is a collaborative program to improve safety, reliability, and mobility for travelers in the Northern Virginia region. Through the RM3P initiative, public and private sector transportation safety and service providers across Northern Virginia will adopt technologies to improve multi-modal travel conditions. Funded under the Commonwealth of Virginia's Innovative Technology and Transportation Fund (ITTF), the RM3P is led by the Virginia Department of Transportation (VDOT), the Northern Virginia Transportation Authority (NVTa), and the Virginia Department of Rail and Public Transportation (DRPT).

### Data-Exchange Platform

The Data-Exchange Platform (DEP) will be a reliable, continuously updated, cloud-based data storage and exchange system. It will be used by regional partners and third-party providers to capture, process, and exchange information on real-time and historic multi-modal travel conditions. This platform will feed necessary data to other RM3P program elements and disseminate value-added and full-grown data produced by these elements.

### AI-Based Decision Support System

The AI-Based Decision Support System (AI-DSS) will help predict the impact of disruptions to the transportation network and provide coordinated response options to agencies. The automated tool for operators will use travel data to monitor emerging conditions and recommend plans for coordinated, multi-agency responses to congestion, incidents, and events.

### Commuter Parking Information System

The Commuter Parking Information System (CPIS) will entail a real-time, app-based parking availability information system that provides reliable information about parking space availability at lots serving bus, vanpool, and carpool commuters.

### Multi-Modal Analytical Planner

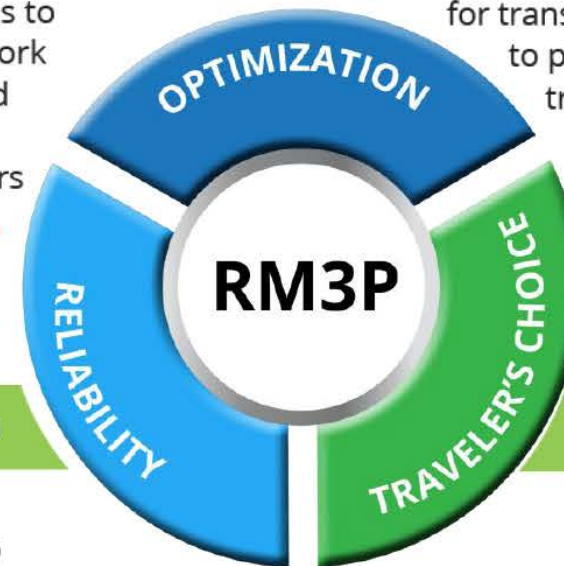

The Multi-Modal Analytical Planner (MMAP) will be a collaboration tool for transportation service providers to pinpoint unmet needs in the transportation network. This highly interactive tool will enable mobility providers to study the impacts of "what-if" scenarios and better plan for travel demand by identifying underserved areas, especially during disruptive events.

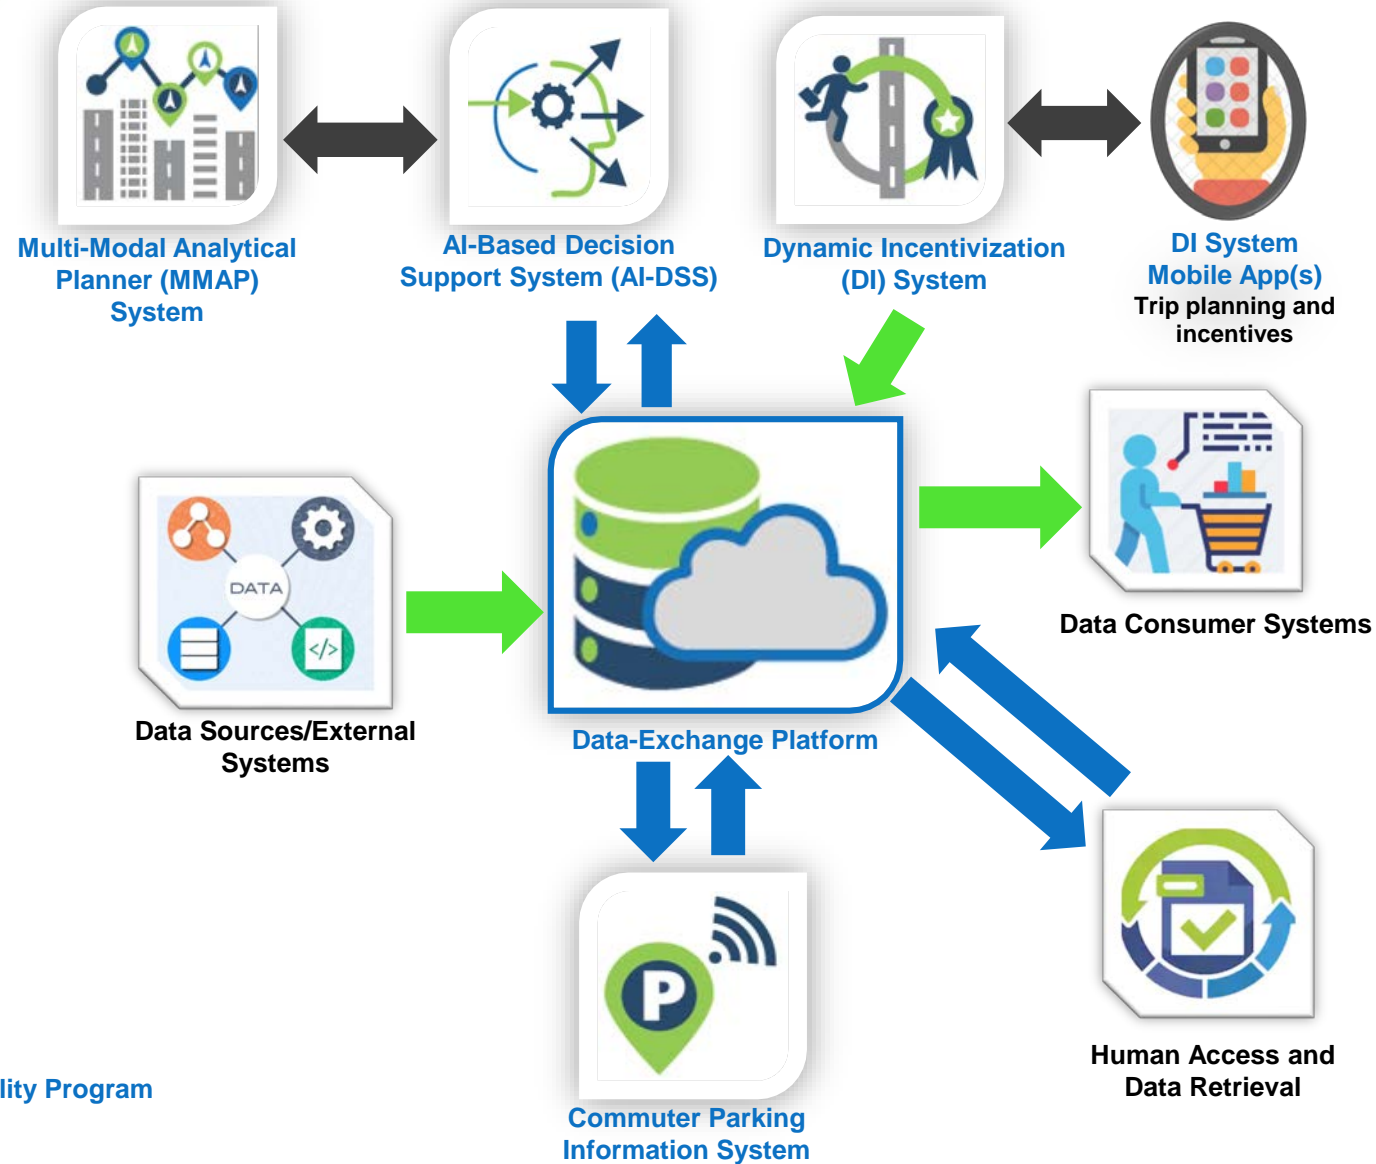

### Dynamic Incentivization

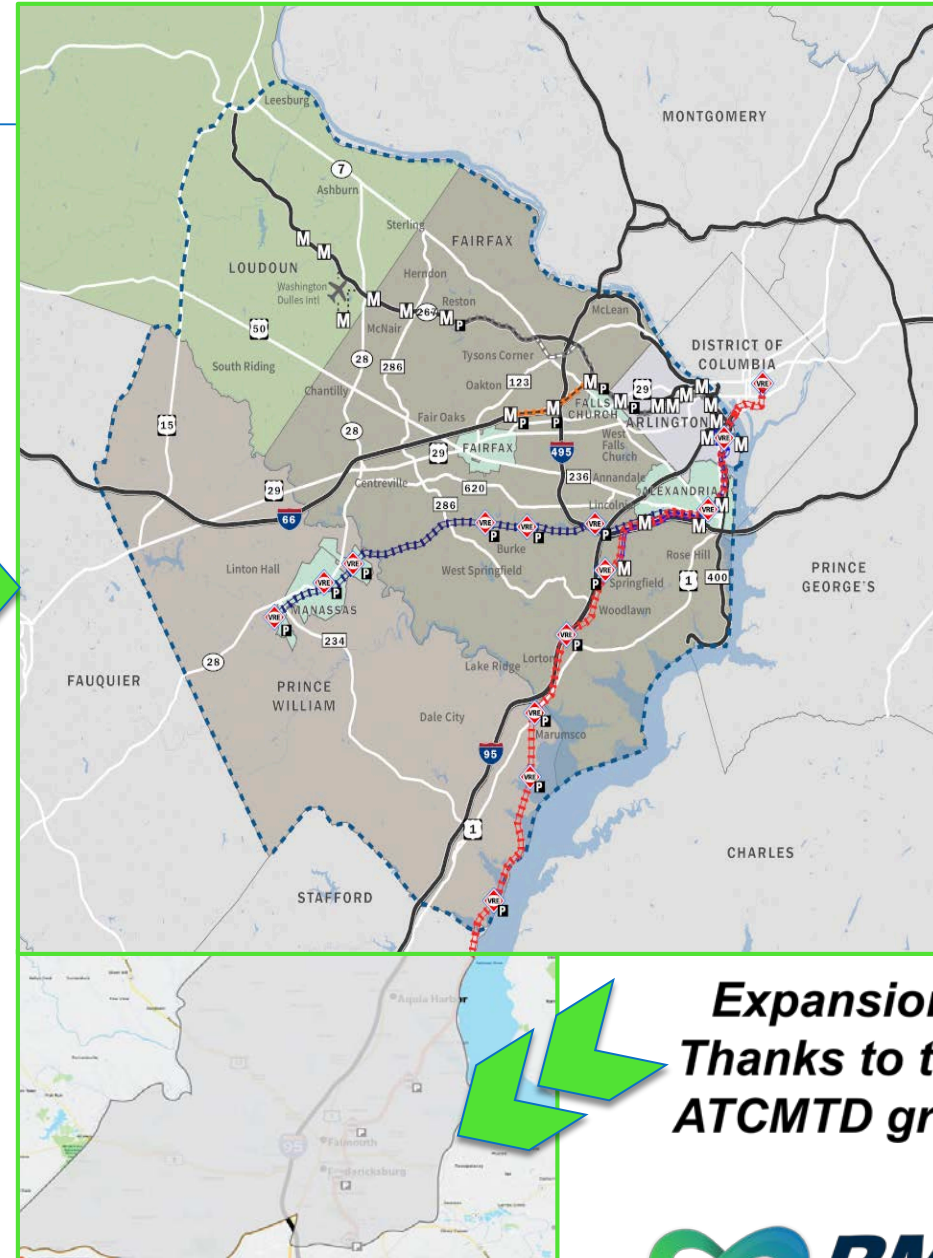

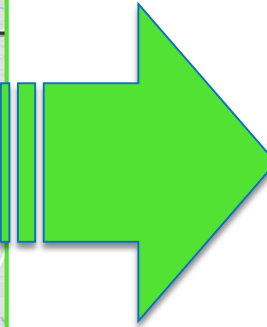

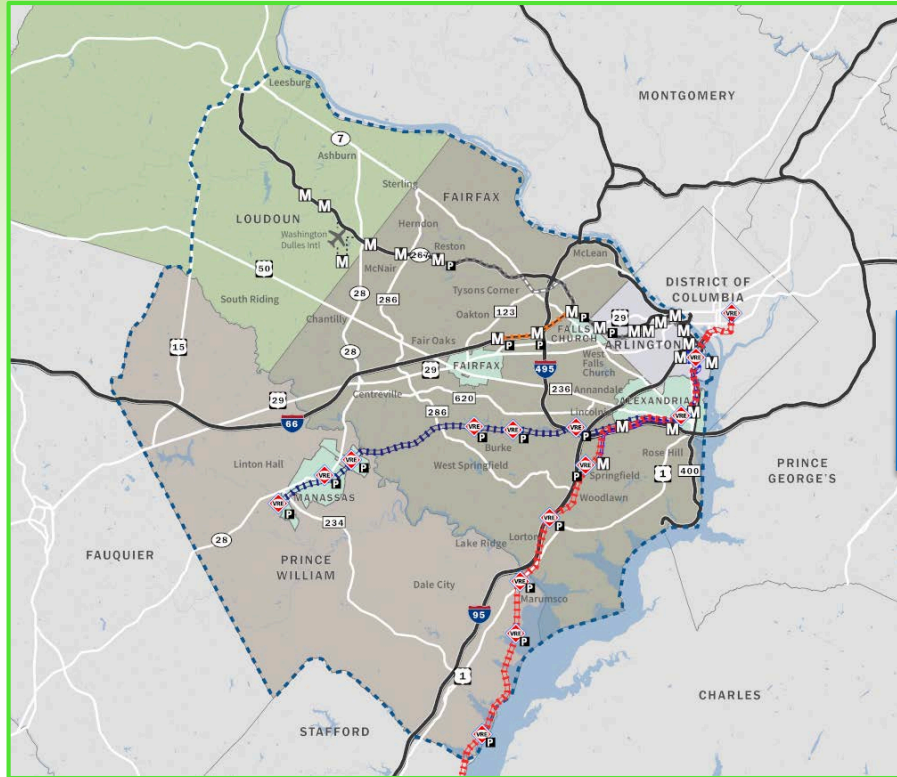

Dynamic Incentivization (DI) will be a data-driven system offering the public incentives to modify their travel choices and behaviors in response to real-time travel conditions. The incentives will be offered by regional agencies and third-party providers.

# Anticipated Benefits

**Coordinated responses to travel disruptions**

**Improved safety**

**Collaborative planning**

**More reliable commutes**

**Enhanced connections**

**Incentives for individual travelers**

The background of the image features a collection of interlocking gears of various sizes and colors, including blue, orange, yellow, green, and purple. The gears are arranged in a way that suggests a complex mechanical system. The text "We Can't Do This Alone" is centered over the gears in a bold, black, sans-serif font.

**We Can't Do This Alone**

# Listening to the Industry

## Summary

- VDOT received more than 40 responses to an RFI announcement in June/July 2020.
- The RM3P Management Team conducted one-on-one, online discussions with each RFI respondent team.
- During the discussions, respondents described the contributions they could make to RM3P.
- The RM3P Team asked clarifying questions of respondents.

## Outcomes

- Learned about the Industry's capabilities to support RM3P.
- Identified key areas where concrete requirements are essential.
- New insights gained into the development & deployment approach.
- New insights gained on structuring the procurement process.
- Name changes needed to several RM3P program elements.

## 116 SAG SUMMIT AGENCY PARTICIPANTS

Statement	Percentage
My agency regularly challenges its assumptions about customers and business models	10
Our leadership supports a collaborative culture that encourages cross-functional work	29
My agency actively monitors emerging trends	27
My agency has an innovation process in place to identify creative solutions	9
My agency's leadership supports the identification and implementation of new ideas	28
My agency does both when implementing it core business the way we know it	6

### What are the organizational/systemic barriers to implementing the AI-BASED DECISION SUPPORT SYSTEM?

Trust in decision making process of DSS, especially if a black box approach like machine learning is used.	<b>Institutional buy-in</b>	Procurement of the Decision Support System, challenging to integrate into the budget (for localities)	Private sector participation & level of incentive to participate (e.g., Uber/TNCs, private transit services)	Time of day variations in signal timing - many considerations	Transit response capability varies - ability to respond depends on location and availability of drivers and fleet (+ level coordination between providers?)
Data sharing? Agencies need to share response plans	Security (concern of IT stakeholders) - access/sharing challenge	Control of operations/ systems between participants (maintain local control if locality isn't available to authorize response)	Lack of resources - Many localities would need personnel and additional resources to purchase by all (e.g., Vienna, Herndon)	Private sector (toll authority) - need for coordination	Legacy signal system - makes integration with new technology very difficult (e.g., City of Fairfax)
Patchwork of different systems, each operates differently (requires understanding of multiple systems, consistent terminology)					

### SOLUTIONS

MOUs to institutionalize	Challenge: achieve buy-in to decision-making process - establish upfront	Changing mindset about types of traffic - traffic affects everyone	Statewide or regional procurement?	Build on existing trust/relationships	Sharing res of DSS to trust conf its
Operators need authority to implement changes	Institutionalize - continuity in process/ leadership to maintain trust	Collaborative exercises to iron out challenges - better preparation, build relationships	Documentation for machine learning - improvement through experience		

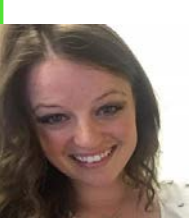

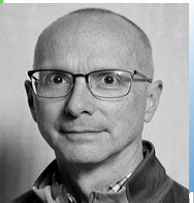

### What are the organizational/systemic barriers to implementing the MULTI-MODAL ANALYTICAL PLANNER?

<b>Data</b>	Merging/ conflation of different data sources (related to data standards)	Need for tool to have visualization capabilities	Transit agencies can't currently access Streetlight data - can for data be cost prohibitive	Fast pace of responding to incidents	Library of key contacts - would need to be kept up to date	Staff availability to focus on responses/ response planning
Lack of data - data may not even exist	Data standards lacking for some modes/ services	Data quality (and need to define quality thresholds)	Data on equity (e.g., disability status, ramp locations)	TNC (Uber/Lyft) data not always available	Not knowing who has the needed information	Needs vary by agency and practitioner

### SOLUTIONS

Sharing Streetlight data (MPOs and local planners can currently access VDOT/	Policy changes to require TNCs to share data	MCDOT's flex service (Via) - opportunity to use data from this service/pilot to inform planning	Opportunity to obtain and use data from private sources (such as navigation apps/ roadway data collection systems). E.g., how are they routing drivers?	Build on relationships and existing collaboration to ensure institutional supports are in place for MMAP
Evaluate universe of available data to identify and prioritize data needs	Potential data sources: Streetlight, TNCs, Inrix/HERE, TomTom, Wejo, GBFS, MDS (micromobility), open route service data (Evaluate which ones are already available, which are still needed)	Engage additional interested parties	Library of key contacts for data/ information	

### What are the organizational/systemic barriers to implementing the COMMUTER PARKING?

Disseminating data	Economies of scale for smaller organizations - esp. if small # of spaces managed	<b>Funding for sensors (expensive)</b>	Level of detail needed about parking availability (ROI for #s/detail vs. red/yellow/green)	Margin of error associated with some technologies	complaints/ issues
Lack of incentives for non-driving trips	Many lots are leased, not owned	Lack of information about alternative parking options (e.g., if a garage is full)	Many different sources (apps, websites, etc.) of parking info (makes it harder to find info)	Lack of data standards for parking data (makes aggregation harder)	Policy/legal constraints on what can be charged and ability to offer reservations for parking for some public parking facilities

### SOLUTIONS

Joint procurement	Incorporate parking info. technology cost into cost of a larger (parking) project	Pricing to manage demand by location/ proximity	Law enforcement may have technology that could be used for CPIS	Reservation system? (requires more detailed info about # of spots available)	Dynamic Incentivization (RM3P element)	AI- and video-based systems becoming more advanced (e.g., on I-95)
Communicate need for parking as strategy for enhancing transit ridership	Provide information on other modes/options available from parking locations	Transit stop and service change to accommodate demand (spillover solution)	Static data may also inform CPIS	Infrastructure-free solutions (opportunity to pilot)	Centralized data exchange platform (RM3P element)	Guidelines for sharing data with RM3P

### What are the organizational/systemic barriers to implementing the DYNAMIC ANALYTICAL PLANNER?

Lack of buy-in (e.g., work, delayed arrival)	Lack of cross-jurisdictional travel options (& many providers)	Logistics/ effort of establishing a vanpool	Capacity & crowding on transit (influencing travel choices, esp. with COVID-19)	<b>Data availability</b>	Difficulty quantifying benefits makes obtaining funding more difficult	Funding availability for motivating incentives
Lack of awareness/ public adoption	Lack of time-competitive and/or one-seat travel options	Uncertainty related to pandemic trajectory	Concerns with transit safety due to pandemic	Data availability or willingness to share data (e.g., from private sector)	Concerns about local impacts? (e.g., arterial impacts from redirecting traffic)	Large employers (e.g., military) are not in transit-accessible locations - also privacy concerns

### SOLUTIONS

Coordinated, multi-pronged marketing campaign	Social media presence	Provide an array of options to motivate participation	Build on/ take advantage of behavioral science research	Partnerships with organizations that help travelers and/or private sector	Multi-Modal Analytical Planner (RM3P component) may help with cross-jurisdictional service coordination	App needs to be easy to use, not too overwhelming	Development-related TDM requirements to fund incentives?
Campaign must focus on messages that resonate, benefits to user	Campaign working with existing TDM programs	Market app as "one-stop shop" - make sure people understand app's flexibility	Marketing information itself as the incentive - something a user can't obtain him/herself	Pandemic presents an opportunity to roll out DI (before everyone goes back to driving)	Identify funding stream/ creative funding solution (challenging now due to economic climate)	Build on expertise of TDM coordinators in the region	Sell advertising on app to generate revenue?

# Engaged Conversations

## From your perspective, what does collaboration look like?

Coordination with MD and DC - Including addressing interstate policy and operational guidance

Hands-on exercises to get familiar with technologies and build relationships

Involving the right people

Collaborative learning from past experiences to improve and further strengthen relationships

Collaborative discussions on data standards (so they can be incorporated into decisions)

Collaboration on incident management

## What do you need from RM3P to enable your participation?

Guidance (documentation) on types of data sought and desired format(s) for that data

More information about how MMAP will be used by agencies

Set realistic and clear expectations for outcomes and for all parties involved from the planning and coordination side.

Information about technologies that will be needed to interface with

Metrics on desired outcomes with respect to

## What are potential solutions to these challenges?

## From your perspective, what will be the greatest challenge implementing RM3P?

Data integrity

Data privacy

Data security

Mutual agreement on expectations (among stakeholders)

Changing travel behavior

Data governance despite different jurisdictional legal/regulatory frameworks

Compatibility between MMAP (or other RM3P elements) and agency IT requirements

Sustained funding (beyond development phase)

Centralized entity that owns/manages data, conducts data QC

Data sharing

Setting clear, agreed-upon, and realistic expectations (among both agencies and the public)

User fees to create sustainable funding stream

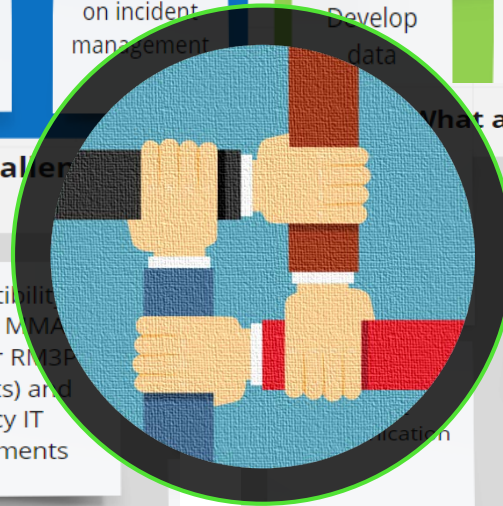

Collaboration between roadway and transit agencies/entities

RM3P's independent evaluation team to measure impact and correct course if/as needed to achieve desired outcomes (and make case for funding)

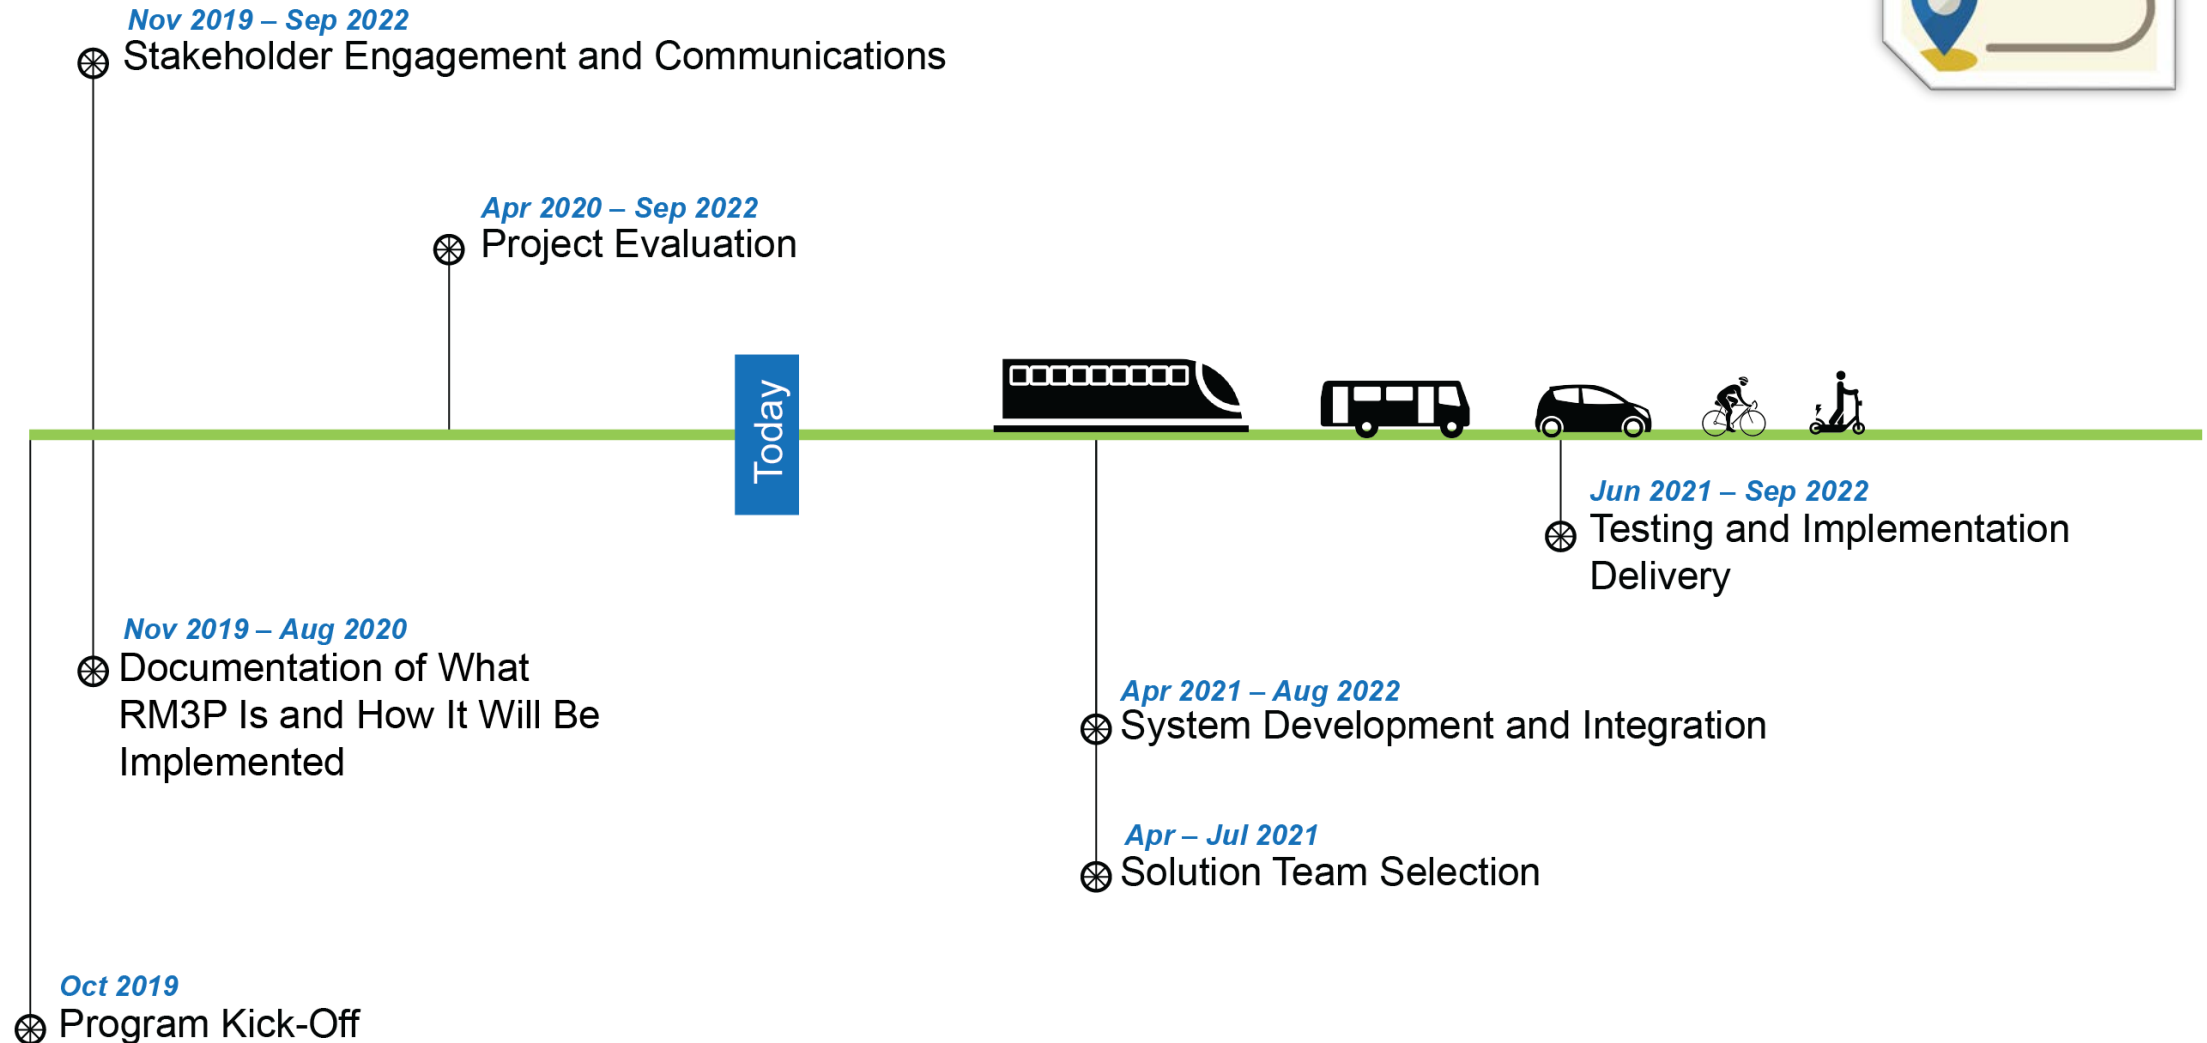

Leverage existing interstate institutions or regulatory framework

Opportunity to pursue competitive and/or P3 funding?, And/or consider creative funding options

Use of performance metrics/results to make the case for more funding

## NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

**TO:** Chair Phyllis J. Randall and Members  
Northern Virginia Transportation Authority

**FROM:** Monica Backmon, Executive Director

**DATE:** January 7, 2021

**SUBJECT:** Executive Director's Report

---

**Purpose:** To inform the Northern Virginia Transportation Authority (NVTA) of items of interest not addressed in other agenda items.

1. **2021 NoVA ITS Roundtable** –The 6<sup>th</sup> Annual NoVA ITS Roundtable will be held on Wednesday, March 10, 2021, from 8:00am-10:00am. Due to health and safety concerns, this year's event will be held virtually. Please mark your calendars as more details on the program are forthcoming.
2. **Regional Joint Public Information Officer (PIO Meeting)** – The Regional Joint Public Information Officer Meeting, which the NVTA coordinates on a quarterly basis, will meet virtually on January 26, 2021. The PIOs will discuss TransAction and public engagement, NVTA's 2020 Annual Report, the Northern Virginia Joint Transportation Meeting collaborative communications efforts, transportation initiatives, and upcoming events being hosted by jurisdictions and agencies across Northern Virginia.
3. **NVTA Communication Plan** – Since its last update five years ago, it was time to revisit the NVTA Communication Plan and mission statement. The Communication Plan has been rewritten and the mission statement updated, with the following categories incorporated into the Plan: Goals, Overarching Key Messages, Leveraging External Channels, Stakeholder Audiences, Tools, Metrics and Looking Ahead, and TransAction related activities. The updated Communication Plan will soon be presented before the Authority.
4. **Capital Region Rail Vision** – On December 10, 2020, the Greater Washington Partnership, with support from key regional stakeholders, released the [Capital Region Rail Vision](#), which presents a 25-year strategy to remove key physical and operating barriers to provide residents a more coordinated, integrated, and competitive rail service. The Vision was developed with the input of key regional stakeholders, such as the Northern Virginia

Transportation Authority. Stakeholder participants included, but were not limited to, myself; Keith Jasper, Principal, Transportation Planning and Programming, NVTa; Jennifer Mitchell, Director, Virginia DRPT, and Authority member; Sharon Bulova, Vice-Chair of the Virginia Passenger Rail Authority, and former Chairman of the Fairfax County Board of Supervisors and the Authority; and Elizabeth Bennett-Parker, City of Alexandria Vice Mayor and member of NVTa's Planning Coordination Advisory Committee (PCAC). The Authority's long-range transportation plan for Northern Virginia - TransAction - includes multiple rail projects broadly consistent with the Capital Region Rail Vision.

**5. NVTa Standing Committee Meetings:**

- a. Finance Committee:** The NVTa Finance Committee is scheduled to meet next on January 21<sup>st</sup> at 1:00pm. The meeting will be held electronically.
- b. Planning and Programming Committee:** The NVTa Planning and Programming Committee is scheduled to meet in February 2021. Specific date TBD.
- c. Governance and Personnel Committee:** The next meeting of the NVTa Governance and Personnel Committee is scheduled for January 14, 201, at 5:30pm. The meeting will be held electronically.

**6. NVTa Statutory Committee Meetings:**

- a. Technical Advisory Committee:** The NVTa Technical Advisory Committee is scheduled to meet in February 17, 2021, at 7:00pm. The meeting will be held electronically.
- b. Planning Coordination Advisory Committee:** The NVTa Planning Coordination Advisory Committee is scheduled to meet February 24, 2021, at 6:30pm. The meeting will be held electronically.

**7. CMAQ-RSTP Transfers:**

- a.** CMAQ and RSTP Transfers requested since the last Executive Director's report are presented in Attachment A.

**8. Regional Projects Status Report:**

- a.** Please note the updated Regional Projects Status Report (Attachment B), which provides a narrative update for each project and the amount of project reimbursements requested and processed to date.

**Link to the Projects Status Report:** <https://thenovaauthority.org/funded-projects/>

**Attachments:**

- A.** CMAQ-RSTP Transfers

## NORTHERN VIRGINIA TRANSPORTATION AUTHORITY MEMORANDUM

**TO:** Chair Randall and Members  
Northern Virginia Transportation Authority

**FROM:** Monica Backmon, Executive Director

**SUBJECT:** Approval of Reallocation of Congestion Mitigation and Air Quality (CMAQ) funds for Virginia Railway Express (VRE)

**DATE:** January 7, 2021

---

- 1. Purpose.** To inform the Northern Virginia Transportation Authority (NVTA) of Regional Jurisdiction and Agency Coordinating Committee (RJACC) Approval of Congestion Mitigation and Air Quality (CMAQ) funds for VRE.
- 2. Background:** On September 11, 2008, the Authority delegated the authority to approve requests to reallocate Congestion Mitigation and Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) funding between projects that were previously approved by the NVTA to the Regional Jurisdiction and Agency Coordinating Committee (RJACC).

On December 17, 2020, VRE requested the following reallocation:

- Transfer of \$1,000,000 in CMAQ funding from UPC 85373 (VRE Gainesville to Haymarket Extension Project) to UPC T8523 (VRE Broad Run Station Project)

At the time the funds were recommended by NVTA on February 26, 2015, VRE had initiated an alternatives analysis for the proposed VRE extension to the Gainesville-Haymarket area of Prince William County. The alternatives analysis, concluded in 2017, resulted in the decision to expand the VRE Broad Run facilities in support of Manassas Line growth rather than construct a service extension to Haymarket. Preliminary design is complete for the planned Broad Run improvements and VRE is in the process of procuring a design consultant to complete final design plans. The current plans support 2030 passenger demand. This transfer will consolidate all CMAQ/RSTP allocated by NVTA for design and construction of improvements related to the VRE Broad Run Expansion under the single UPC, T8523.

At its meeting on December 17, 2020, the RJACC approved this request.

**Attachment(s):** DRAFT Letter to VDOT NOVA District Administrator Cuervo  
Request Letters from VRE

**Coordination:** Regional Jurisdiction and Agency Coordinating Committee

## Northern Virginia Transportation Authority

*The Authority for Transportation in Northern Virginia*

January 14, 2021

Ms. Helen Cuervo  
District Administrator  
Virginia Department of Transportation  
4975 Alliance Dr. Suite 4E-342  
Fairfax, Virginia 22030

Reference: Request to Reallocate Congestion Mitigation and Air Quality (CMAQ) funds for Virginia Railway Express (VRE)

Dear Ms. Cuervo:

On September 11, 2008, the Northern Virginia Transportation Authority (NVTA) delegated the authority to approve requests to reallocate Congestion Mitigation and Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) funding between projects that were previously approved by the NVTA to the Regional Jurisdiction and Agency Coordinating Committee (RJACC).

On December 17, 2020, VRE requested the following reallocation:

- Transfer of \$1,000,000 in CMAQ funding from UPC 85373 (VRE Gainesville to Haymarket Extension Project) to UPC T8523 (VRE Broad Run Station Project)

At the time the funds were recommended by NVTA on February 26, 2015, VRE had initiated an alternatives analysis for the proposed VRE extension to the Gainesville-Haymarket area of Prince William County. The alternatives analysis, concluded in 2017, resulted in the decision to expand the VRE Broad Run facilities in support of Manassas Line growth rather than construct a service extension to Haymarket. Preliminary design is complete for the planned Broad Run improvements and VRE is in the process of procuring a design consultant to complete final design plans. The current plans support 2030 passenger demand. This transfer will consolidate all CMAQ/RSTP allocated by NVTA for design and construction of improvements related to the VRE Broad Run Expansion under the single UPC, T8523.

NVTA's delegation requires that the RJACC notify the NVTA of these requests. The RJACC approved the request on December 17, 2020, and the NVTA was informed at their January 14, 2021, meeting. The NVTA has not objected to these reallocations.

Please take the necessary steps to reallocate these funds in the Transportation Improvement Program and the State Transportation Improvement Program. Thank you very much.

Sincerely,

Phyllis J. Randall  
Chair

Ricardo Canizales, Director of Transportation, Prince William County

VIRGINIA RAILWAY EXPRESS

## Attachment A.ii.

December 10, 2020

Ms. Noelle Dominguez, Chairman  
Northern Virginia Transportation Authority (NVTa)  
Regional Jurisdiction and Agency Coordinating Committee (RJACC)  
3040 Williams Dr.  
Fairfax, VA 22301

RE: Request for Transfer for Congestion Mitigation and Air Quality (CMAQ) Funds,  
From UPC 85373 to UPC T8523

Dear Chairman Dominguez:

Virginia Railway Express (VRE) requests the NVTa Regional Jurisdiction and Agency Coordinating Committee (RJACC) approve the transfer of previously allocated CMAQ funds from UPC 85373, VRE Gainesville to Haymarket Extension, to UPC T8523, VRE Broad Run Expansion.

At the time the funds were recommended by NVTa on February 26, 2015, VRE had initiated an alternatives analysis for the proposed VRE extension to the Gainesville-Haymarket area of Prince William County. The alternatives analysis, concluded in 2017, resulted in the decision to expand the VRE Broad Run facilities in support of Manassas Line growth rather than construct a service extension to Haymarket. Preliminary design is complete for the planned Broad Run improvements and VRE is in the process of procuring a design consultant to complete final design plans. The current plans support 2030 passenger demand. This transfer will consolidate all CMAQ/RSTP allocated by NVTa for design and construction of improvements related to the VRE Broad Run Expansion under the single UPC, T8523.

The planned improvements will have positive regional air quality benefits due to the forecast increase in VRE passengers by 2030 and related reduction in peak period vehicle trip lengths. VRE survey data has shown the majority of VRE passengers were previously single-occupant vehicle users destined for the Washington, DC-Arlington-Alexandria core. Attracting more VRE riders will have a positive effect on the region's air quality. An updated TEEM emissions worksheet is attached to this letter.

Ms. Noelle Dominguez  
December 10, 2020
