- c. The yield on the portfolio at the end of FY2017 was 1.20%, and it achieved a fiscal year average rate of return of 0.74%. The NVTA's investment Policy specifies the benchmarks shown below for yield performance comparison:

NVTA Investment Benchmarks	FY 2017 Year End	FY 2017 Average
Fed Funds Rate	1.16%	0.62%
Treasury 90 Day T Bill	1.09%	0.55%
Local Government Investment Pool	1.00%	0.75%
Virginia Non-Arbitrage Program	1.16%	1.00%
NVTA Performance	1.20%	0.74%

4) Fiscal Implications:

- a. FY2017 investment performance will result in \$5.4 million in revenue prior to the mark to market adjustments required by financial reporting standards
- b. The reported FY2017 revenues are \$4.05 million after the mark to market adjustments.
- c. Since the NVTA has a buy and hold investment philosophy, the returns of \$5.4 million will materialize during FY2018.
- d. Investment revenue was originally budgeted at \$1.9 million for FY2017. Actual revenues are in line with interim reports to the Finance Committee.
- e. The significant increase in these revenues is a direct result of implementing the investment program during the second half of FY2017.

- f. The investment program shifted funds out of very short term, low interest rate investments primarily with the Commonwealth's Local Government Investment Program (LGIP) to longer term fixed income securities such as: Treasuries, Agencies, Corporate Notes, Commercial Paper and Certificates of Deposit.
 - g. FY2018 begins with a larger portion of the Authority's portfolio already positioned in fixed income securities rather than the LGIP.
 - h. FY2018 is the first time the investment program will be in place for a full year and is expected to generate an improved return over the \$5,530,000 current budget estimate.
- 5) Looking Forward:** The following are expected to positively impact the NVTA's FY2018 portfolio earnings:
- a. Having the portfolio invested in fixed income securities for a full year
 - b. Investing an even higher proportion of the portfolio in fixed income securities versus the LGIP.
 - c. Federal action to stimulate the market and the economy appear to slowly be increasing nearly all types of interest rates, gradually improving investment returns.
 - d. The timing of the expected adoption of the Six Year Program will result in all of the Regional Revenue Fund FY2018 revenues remaining in the portfolio for the year.
- 6) Policy Required Reports:** The following reports are attached to address specific Investment Policy requirements regarding the purchase and holding of securities. The attached required reports, in order of presentation are:
- a. **Compliance Report – Investment Policy, Summary.** This report shows the percentage of the portfolio by each type of investment.
 - b. **Investment Portfolio – By Maturity Range.** This report shows the yield to maturity, and percentage of the portfolio which each type of investment represents.
 - c. **Portfolio Holdings by Custodian.** This report shows each depository, investment firm or custodian holding NVTA securities or cash.
 - d. **Compliance - GASB 40 Report.** This report shows reporting requirements not otherwise presented. This report is also fundamental for the Authority's Annual Financial Statements and Annual Audit.
