### TRANSACTION 2030 NEW ONLINE PRESENTATION AND SURVEY

The Northern Virginia Transportation Authority (NVTA) is sponsoring a transportation prioritization project called TransAction 2030. On the new interactive website, [www.TransAction2030.com](http://www.TransAction2030.com), a fully animated online presentation is now available for citizens' viewing.

David Snyder, the NVTA Chairman, said, "our transportation problems are well known and felt by us all. Now it is time to solve those problems, instead of describing them, yet again."

The public is invited to help solve the problem by visiting the website, watching the presentation, and completing the survey form online. Anyone who wants to participate in this very important exercise, but does not want to do so online, is invited to visit our booth at the community fairs held throughout this summer. They are:

<b>June 11-12, 2005</b>	Fairfax County	<a href="#">Celebrate Fairfax</a>
<b>June 18 - 19, 2005</b>	City of Alexandria	<a href="#">24th Annual Alexandria Red Cross Waterfront Festival</a>
<b>July 4, 2005</b>	City of Fairfax	<a href="#">Fourth of July Celebration</a>
<b>August 13, 14, &amp; 20, 2005</b>	Prince William County	<a href="#">Prince William County Fair</a>
<b>August 19-21, 2005</b>	Arlington County	<a href="#">Arlington County Fair</a>
<b>August 20-21, 2005</b>	Leesburg/Loudoun County	<a href="#">August Court Days</a>

We need to have the public's help to prioritize Northern Virginia's transportation improvements for the next 25 years.

The NVTA authorized the creation of TransAction 2030 as an update to the Northern Virginia 2020 Transportation Plan, and they will consider citizens' recommendations when deciding the funding order of the projects.
