The construction of this facility illustrates the regional collaboration between the Authority, Fairfax County and the Washington Metropolitan Area Transit Authority (WMATA). The West Ox Bus Garage Expansion will increase capacity by accommodating a larger fleet of buses, providing the ability to move more people for work, entertainment and shopping throughout Fairfax County and Northern Virginia.

*NVTA was created by the General Assembly on July 1, 2002, to offer a common voice for Northern Virginia on transportation issues confronting the region. The Authority is made up of nine jurisdictions including: the counties of Arlington, Fairfax, Loudoun and*

*Prince William; as well as the cities of Alexandria, Fairfax, Falls Church, Manassas and Manassas Park. The Authority is responsible for Northern Virginia's long-range transportation plan, TransAction, and since 2014 manages approximately \$340 million annually in public funds for transportation projects designed to provide congestion relief throughout Northern Virginia.
