

Northern Virginia Transportation Authority

The Authority for Transportation in Northern Virginia

Thursday, January 10, 2019
7:00 p.m.
3040 Williams Drive, Suite 200
Fairfax, VA 22031

AGENDA

Public Comment

[7:00pm]

Annual Organizational Meeting

- I. **Call to Order** Chairman Nohe
 - II. **Roll Call** Ms. Thomas-Jones, Clerk
 - III. **Minutes of the December 13, 2018 Meeting**
Recommended action: Approval [with abstentions from members who were not present]
 - IV. **2018 Annual Report** Ms. Hawksworth, Communications & Public Affairs Manager
 - V. **Five-Year Strategic Plan Progress Report** Ms. Backmon, Executive Director
- #### Presentation
- VI. **Approval of Standard Project Agreement for Arlington County—Regional Funding 2018-001-1 (ART Operations and Maintenance Facilities)**
 - VII. **Approval of Standard Project Agreement for Fairfax County—Regional Funding 2018-007-1 (Richmond Highway BRT)**
 - VIII. **Approval of Standard Project Agreement for City of Falls Church—Regional Funding 2018-062-1 (Falls Church Enhanced Regional Bike Routes – W&OD Trail)**
- #### Consent
- VI. **Approval of Standard Project Agreement for Arlington County—Regional Funding 2018-001-1 (ART Operations and Maintenance Facilities)**
 - VII. **Approval of Standard Project Agreement for Fairfax County—Regional Funding 2018-007-1 (Richmond Highway BRT)**
 - VIII. **Approval of Standard Project Agreement for City of Falls Church—Regional Funding 2018-062-1 (Falls Church Enhanced Regional Bike Routes – W&OD Trail)**

Discussion/Information

- IX. 2019 GPC and Legislative Program Update** Chair Randall, Chair, GPC
- X. Executive Director's Report** Ms. Backmon, Executive Director
- XI. Chairman's Comments**

Closed Session to Discuss Executive Director's Annual Performance Evaluation

- XII. Adjournment**

Correspondence

Next Meeting: February 14, 2019 at 7:00p.m.

The Authority for Transportation in Northern Virginia

III.

Thursday, December 13, 2018

7:00 PM

3040 Williams Drive, Suite 200

Fairfax, VA 22031

Meeting Minutes

I. Call to Order

Chairman Nohe

- Chairman Nohe called the meeting to order at 7:14 PM.

II. Roll Call

Ms. Thomas-Jones Clerk

- Voting Members: Chairman Nohe; Chair Randall; Chairman Bulova; Chair Cristol; Mayor Silberberg; Mayor Meyer; Mayor Parrish; Mayor Rishell; Councilmember Snyder; Mr. Kolb; Mr. Minchew; Senator Black; Delegate Hugo (via conference call).
- Non-Voting Members: Ms. Cuervo; Mr. Horsley.
- Staff: Monica Backmon (Executive Director); Michael Longhi (CFO); Harun Rashid (Transportation Planner); Peggy Teal (Assistant Finance Officer); Richard Stavros (Investment and Debt Manager); Sree Nampoothiri (Transportation Planner); Yolanda Thomas-Jones (Board Clerk); various jurisdictional and agency staff.

III. Minutes of the November 8, 2018 Meeting

Mayor Rishell moved approval of the November 8, 2018 amended minutes;
seconded by Mayor Parrish. Motion carried unanimously.

Presentation

IV. Acknowledgment of Outgoing Authority Members

Chairman Nohe

- Chairman Nohe acknowledged two outgoing Authority members, Mayor Silberberg (City of Alexandria) and Mayor Burk (Town of Leesburg).
 - ✓ Chairman Nohe thanked Mayor Silberberg for her hard work and dedication as a member of the Authority and presented her with a memento commemorating her time on the Authority. Mayor Silberberg thanked the Authority members and staff as she reflected on her tenure on the Authority including the allocation of \$70 million for the Potomac Yards Metro Station. She added it was a true honor to have served.
 - ✓ Chairman Nohe also thanked Mayor Burk who was not present, noting that she will be honored at a future meeting.

V. Economic Analysis of NVTA Funded Transportation Investments

Mr. Longhi, CFO

- Mr. Longhi presented a study on the Economic Analysis of NVTA Funded Transportation Projects.
 - ✓ The study purpose was to determine the economic impact of NVTA capital investments, building upon a study completed in 2016 and recapped in the 2016 Annual Report, with some expanded detail on regional and statewide impacts.
 - ✓ The study performed in 2016 was a reflection of the economic impacts within Northern Virginia through NVTA project investments.
 - ✓ The current study is the economic impacts throughout the Commonwealth.
 - ✓ Chmura Economics and Analytics was contracted to undertake the Economic Analysis Study using IMPLAN Pro, which is one of the most widely used economic impact assessment modeling systems.
- Mr. Longhi noted the study was undertaken using a recognized, transparent, repeatable modeling technique and assessment methodology which can be built upon in the future.
 - ✓ The study focused on the regional and state impact of the Authority's project funding programs-(70% revenues) in addition to the impacts of the 30% revenue distribution funds.
 - ✓ There was no specific budget allocation for the study, so there were limits on the number of topics and data elements to give Chmura for the analysis.
- Mr. Longhi rounded out the study perspective highlighting \$3 billion in investments combining the 30% funds and 70% funds from FY2014 through FY2024. FY2024 estimated revenue was included due the aspects of the model that incorporate spending timing.
 - ✓ The study focused on three impact areas: direct, indirect and induced. Direct impact is the economic activity generated by the specific project, including the materials, labor and equipment. Indirect impact is a secondary economic activity generated including need for more rental equipment, design software and services. The induced impact is payroll spending of people working on the project.
- Mr. Longhi discussed the economic impact of \$3 billion in project funding.
 - ✓ The impact is split between the NOVA region and the Commonwealth as a whole.
 - ✓ With a total investment of \$3 billion, the direct impacts are \$2.5 billion. Mr. Longhi addressed the direct impact being a half billion less than the project funding by noting Virginia doesn't have steel mills, so steel is imported into the state. Likewise, Virginia does not have bus assembly lines, so those economic activities happen outside the Commonwealth.
 - ✓ Most of the \$3 billion raised in Northern Virginia, is actually being used in Virginia. The amount increases with the indirect and induced impacts.
 - From direct impact to total, Northern Virginia goes from about \$2.5B to \$4B. Mr. Longhi continued by stating the Commonwealth numbers are inclusive of the NOVA region amounts.
 - ✓ The State of Virginia sees a benefit of \$410M statewide.

- Mr. Longhi discussed the employment numbers. The Northern Virginia direct impact starts with generating 13,600 jobs, State of Virginia starts with 13,750 jobs. When the regional indirect and induced impacts are added the total grows to 23,400 regional jobs, and 26,000 jobs throughout the Commonwealth. Mr. Longhi added that the \$3 billion is raised in Northern Virginia and 90% of the jobs are staying in Northern Virginia.
- Mr. Longhi noted the monies reflected is only related to projects costs. The use of the projects was not included in the analysis.
- Mr. Longhi discussed the other impacts for the Northern Virginia region, noting:
 - ✓ Investment of \$1.9 billion in 95 regional 70% funded projects through 122 Standard Project Agreements (SPAs). Mr. Longhi clarified that the Authority has more SPA's than projects and a single project may have more than one SPA.
 - ✓ Mr. Longhi noted that whether NVTA funds the first project dollar to start a project or the last dollar to complete a project, it is seldom the only funding source for projects.
 - ✓ This results in the NVTA project investments triggering an additional \$3.8 billion in local, state or federal funding, bringing the total to \$5.7 billion in investments coming to Northern Virginia. The total project value of \$5.7 billion was not a part of the Chmura analysis due to analysis cost constraints.
 - ✓ Mr. Longhi noted economic impacts which were outside the Chmura analysis. Principally, \$3.1 billion in travel time delay savings through 2030. This savings was determined through TransAction Update analysis and assumes a \$15/hour impact throughout Northern Virginia.
- Mr. Longhi discussed potential enhancements to the study, noting that Authority staff would like to take a closer look at the economic impact of funding matches that are currently at \$3.8 billion and;
 - ✓ Deeper analysis into time value, benefits at \$3.1 billion in time savings.
 - ✓ Further examination of mobility benefits that include congestion reduction, safety, environmental, vehicle operating cost savings.
 - ✓ Possibly complete an expanded employment opportunity analysis.
 - ✓ Include business opportunity impacts for the region and Commonwealth.
 - ✓ Expand and look at local tax analysis to include real estate, personal property and sales tax.
- Chair Randall asked Mr. Longhi about the \$15/hour assumption used in the analysis. Mr. Longhi responded the \$15/hour assumption was used as this is in tandem with what the Metropolitan Washington Council of Governments (MWCOG) use.
- Chair Randall noted the \$15/hour is a conservative estimate. Mr. Longhi acknowledged this and agreed that given the labor pool in Northern Virginia, \$15/hour is a conservative number. The \$15/hour rate was used for consistency with MWCOG studies and it is close to the mid-point of the national rates used.
- Mayor Rishell asked if these numbers would be included in the talking points going to Richmond regarding the restoration of NVTA revenues. Mr. Longhi responded that Ms. Baynard has advised the Authority on what to include in the talking points regarding the restoration of NVTA revenues.
- Councilmember Snyder asked will the new jobs represented in the analysis go away

once the projects are complete. Mr. Longhi responded that since the data covers a ten-year period, there is some staying power over the ten years. Mr. Longhi added that the Authority will continue to develop and adopt funding programs that will hopefully, over the years, increase and sustain continued employment.

- Councilmember Snyder mentioned the analysis seems to address short-term immediate impacts versus the longer term, more sustainable impacts. He stated that the true economic benefits are much larger than what is reflected in the slide presentation noting that NVTC tried to reflect the long term benefits in their study. Mr. Longhi responded, he completely agrees with Councilmember Snyder. He added, using a nationally recognized, outside expert with a recognized modeling plan, set a baseline so that the results from Northern Virginia can be compared to other regions. Mr. Longhi stated there was no budget appropriation for the study; it was done to support the Five Year Strategic Plan. He mentioned there is a January conference call scheduled with Chmura to discuss the potential to include more data points in the future to include the economic benefit of the project use, not just the impact of the project funding.
- Ms. Backmon added, the baseline is there, however the resources weren't available to dig deeper. Mr. Longhi explained a limitation of the study is that is only addresses the spending of project funds, not project use, therefore not fully addressing the point Councilmember Snyder raised.
- Ms. Backmon noted, once the projects are completed, we could undertake a closer analysis. Ms. Backmon added that it is an additional threshold that will give percentages for the data points noted on Slide 7 of the presentation.
- Mr. Longhi spoke with the economists about the wealth of data in the TransAction Plan. He added, the economists were excited about having the data, but expanding the analysis requires additional resources and costs.

Consent

VI. Approval of Standard Project Agreement for Arlington County—Regional Funding 2018-001-1 (ART Operations and Maintenance Facilities)

VII. Approval of Standard Project Agreement for Arlington County—Regional Funding 2018-005-1 (Intelligent Transportation System Improvements)

- Mayor Parrish moved for a block approval of Items VII., VIII., IX., and X., in accordance with NVTAs approved Project Description Sheet as appended to the Standard Project Agreements; and authorize the Executive Director sign on behalf of the Authority, seconded by Chairman Bulova. Motion passed unanimously.

VIII. Approval of Standard Project Agreement for Loudoun County—Regional Funding 2018-028-1 (Dulles West Boulevard Widening: Loudoun County Parkway to Northstar Boulevard)

- Mayor Parrish moved for a block approval of Items VII., VIII., IX., and X., in accordance with NVTAs approved Project Description Sheet as appended to the Standard Project Agreements; and authorize the Executive Director sign on behalf of the Authority, seconded by Chairman Bulova. Motion passed unanimously.

IX. Approval of Standard Project Agreement for Loudoun County—Regional Funding 2018-029-1 (Evergreen Mills Road Intersection Realignments)

- Mayor Parrish moved for a block approval of Items VII., VIII., IX., and X., in accordance with NFTA's approved Project Description Sheet as appended to the Standard Project Agreements; and authorize the Executive Director sign on behalf of the Authority, seconded by Chairman Bulova. Motion passed unanimously.

X. Approval of Standard Project Agreement for Virginia Department of Transportation (VDOT)—Regional Funding 2018-024-1 (Route 28 Northbound Widening between Dulles Toll Road and Sterling Boulevard)

- Mayor Parrish moved for a block approval of Items VII., VIII., IX., and X., in accordance with NFTA's approved Project Description Sheet as appended to the Standard Project Agreements; and authorize the Executive Director sign on behalf of the Authority, seconded by Chairman Bulova. Motion passed unanimously.

Action

XI. Adoption of the 2019 Legislative Program

Chair Randall, GPC

- Chair Randall sought NFTA approval of the draft 2019 State and Federal Legislative Program reviewed by the Governance and Personnel Committee (GPC) prior to the start of the Authority meeting, noting:
 - The GPC discussed if the draft legislative program should have more specific language as it relates to the restoration of long-term funding to the NFTA. Chair Randall stated that at the recommendation of Ms. Baynard, the GPC agreed that language that is more specific should be added when required. Chair Randall added the current broad, non-specific language would allow more flexibility regarding funding solutions.
 - Ms. Baynard added that the GPC tasked the Authority staff with bringing forth a set of principles that would guide future analysis and review of any proposals that come forward.
 - Chair Randall discussed amendments to the draft legislative program:
 - ✓ The addition of a table in the chart that highlights the loss sustained due to the repeal of the Grantor's Tax and Transient Occupancy Tax (TOT).
 - ✓ The addition of language that speaks to the importance of technology as it relates to transportation as suggested by Councilmember Snyder.
 - ✓ The removal of subsection 2 from Section C of the document.
 - Councilmember Snyder asked would the Authority support the restoration of funds if the restoration includes a tax increase. Ms. Baynard responded, that position would have to be something the Authority discusses further.
 - Mayor Parrish discussed his concerns that the General Assembly will misinterpret the Authority's request for funding restoration as the Authority's support of a tax increase to restore the funds. Ms. Baynard responded saying she would prepare a set of guidelines that cover a variety of scenarios and seek Authority guidance regarding the scenarios.
 - Senator Black stated that if it is suggested that the funding be replaced by imposing a third level of taxation on Northern Virginia, he would not be in support of that

request.

- Chair Randall added that the TOT loss was \$162,843,631, and the Grantor's Tax loss was \$232,210,944 for a combined total loss of \$394,865,575. Resulting in a combined loss in 30% funds of \$118,459,672 over the five years FY2019-FY2023.
- Chair Randall agreed with Mayor Parrish stating that verbiage be added to the legislative program specifying that the Authority requests restoration without any tax increases being imposed in Northern Virginia.
- Chair Cristol encouraged the Authority to not be so pointed in expressing opposition to a tax increase that may preclude other solutions. Chair Cristol also expressed her disagreement with new taxes being imposed solely in Northern Virginia; stating that the additional verbiage statement should express that the Authority requests that the restoration of NVTA revenues come from statewide sources.
- Delegate Hugo (participating via teleconference) apologized for his physical absence, stating that he is recovering from back surgery. Delegate Hugo acknowledged his agreement with no increased taxes for Northern Virginia residents and added it was a concern during the 2018 General Assembly session. He noted, he is looking forward to working with the legislators to ensure bipartisanship on both the House and Senate level, while ensuring the funding is secured for transportation needs. Delegate Hugo thanked the Authority for all its hard work.
- Chairman Nohe summarized that the Authority's position is consistent with guideline discussions from earlier in the year. He added that the Authority's position does not invalidate the language currently in the draft legislative program.
- Mayor Parrish agreed with Chairman Nohe. Mayor Parrish stated there needs to be an understanding of guidelines of what the Authority supports. Mayor Parrish stated he would hate to see leadership go the Richmond, representing the NVTA, and acquiescing to additional taxes for Northern Virginia.
- Chair Randall mentioned that if the General Assembly discussions appear to interpret the restoration of funding as a need for regional tax increases, Ms. Baynard will immediately inform the Authority, who will in turn discuss and develop a more specific statement at that time.
- Chairman Bulova addressed seeking some flexibility regarding the restoration of NVTA revenues. She noted, the need to discuss the impact of the revenue loss on some of our jurisdictions. Chairman Bulova added, Alexandria and Arlington were using the 30% fund their WMATA obligations. She noted that Arlington now appears to go negative for a period in their 30% funding and these are the same funds many jurisdictions use to pay their share of NVTA operational costs.
- Chairman Nohe explained the Authority is seeking parity with the HRTAC who can pay for their operational and administrative expenses using their regional revenues. Currently, the Authority must pay using funds from the localities. He added, parity with HRTAC gives the Authority a safety net and the ability to make sure the operating expenses get paid even if local city councils or supervisors decide to not pay their bills.
- Senator Black summarized the Authority is agreement with statewide money being used to restore funding. Chair Randall stated her support of verbiage being added to the legislative program that outlines the strong preference for funding restoration to come from statewide money.
- Chair Randall moved Authority approval of the draft 2019 State and Federal

Legislative Program, inclusive of any amendments made at the December 13, 2018, Authority meeting, one abstention, Delegate Hugo, seconded by Chair Cristol. Motion carried unanimously.

XII. Appointment of Chairman and Vice-Chairman for 2019

Nominating Committee

- Mayor Parrish moved Authority approval of the reappointment of Chairman Nohe and Chair Randall as Chairman and Vice-Chairman of the Northern Virginia Transportation Authority for 2019, seconded by Chair Bulova. Motion carried unanimously.

XIII. Appointment of Town of Dumfries Mayor, Derrick Wood as the Town Representative for 2019

Chairman Nohe

- Chairman Nohe moved Authority approval of Mayor Derrick Wood, Mayor of the Town of Dumfries, as the Town Representative to the Northern Virginia Transportation Authority for 2019, seconded by Senator Black. Motion carried unanimously.

Discussion/Information

XIV. Governance and Personnel Committee

Chair Randall, Chair, GPC

- Chair Randall reported there was a closed session to discuss the Executive Director's annual performance review, the recommendations should be come to the Authority in January 2019.

XV. Executive Director's Report

Ms. Backmon, Executive Director

- Ms. Backmon acknowledged and congratulated Ms. Cuervo, VDOT NoVA District Engineer, who was named 2018 Woman of the Year by the Washington, D.C. chapter of the Women's Transportation Seminar for her leadership and contributions to transportation in the region spanning more than 30 years. The Authority applauded and congratulated Ms. Cuervo. Ms. Cuervo thanked the members, staff and attendees for their support.

XVI. Chairman's Comments

Adjournment 8:14PM

Next Meeting: January 10, 2019 at 7:00PM
NVTA Offices

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY**M E M O R A N D U M**

FOR: Chairman Martin E. Nohe and Members
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

DATE: January 3, 2019

SUBJECT: Regional Funding Project 2018-001-1 Arlington County (ART Operations and Maintenance Facility)

- 1. Recommendation.** Approval of attached Standard Project Agreement (SPA) 2018-001-1.
- 2. Suggested motion.** I move approval of the proposed Standard Project Agreement 2018-001-1 Arlington County (ART Operations and Maintenance Facility), in accordance with NVTA's approved Project Description Sheet as appended to the Standard Project Agreement; and authorize the Executive Director sign on behalf of the Authority.
- 3. Background.**
 - a. This project was adopted as part of the FY2018-2023 Six Year Program and received FY2019 appropriation approval on October 11, 2018.
 - b. The SPA was withdrawn from the December Authority meeting due to revisions to the project scope.
 - c. All project components will now be housed at the Shirlington Road site instead of splitting them between the Shirlington Road site and the Springfield site.
 - d. The attached SPA presented by the Arlington County is consistent with the revised project scope submitted by Arlington County.
 - e. The attached SPA has been reviewed by the Council of Counsels, who noted that there were no legal issues.

VIII.

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

FOR: Chairman Martin E. Nohe and Members
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

DATE: January 3, 2019

SUBJECT: Regional Funding Project 2018-062-1 City of Falls Church (Falls Church Enhanced Regional Bike Routes: W&OD Trail)

- 1. Recommendation.** Approval of attached Standard Project Agreement (SPA) 2018-062-1.
- 2. Suggested motion.** I move approval of the proposed Standard Project Agreement 2018-062-1 City of Falls Church (Falls Church Enhanced Regional Bike Routes: W&OD Trail), in accordance with NVTA's approved Project Description Sheet as appended to the Standard Project Agreement; and authorize the Executive Director sign on behalf of the Authority.
- 3. Background.**
 - a. This project was adopted as part of the FY2018-2023 Six Year Program and received FY2019 appropriation approval on October 11, 2018.
 - b. The attached SPA presented by the City of Falls Church is consistent with the project submitted by NOVA Parks and approved by the Authority.
 - c. The attached SPA has been reviewed by the Council of Counsels, who noted that there were no legal issues.

X.

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

M E M O R A N D U M

TO: Chairman Martin E. Nohe and Members
Northern Virginia Transportation Authority

FROM: Monica Backmon, Executive Director

DATE: January 4, 2019

SUBJECT: Executive Director's Report

- 1. Purpose:** To inform the Northern Virginia Transportation Authority (NVTA) of items of interest not addressed in other agenda items.
- 2. Ribbon Cuttings and Groundbreakings.**
 - The Authority will be hosting/participating in a groundbreaking and ribbon-cutting on projects that are being funded (partially) with NVTA regional revenues. The events are noted below:
 - i. OmniRide Western Maintenance and Storage Facility Groundbreaking (Prince William County) - Wednesday, January 23, 2019 at 11:00am.
 - ii. Northfax Intersection Improvements at Route 29/50 and Route 123 Ribbon-Cutting (City of Fairfax) – Monday, February 4, 2019 at 11:00am.
- 3. Regional Investment Conversation.**
 - On January 23, 2019, the Authority will host a Regional Investment Conversation. This meeting recognizes that the Authority's member jurisdictions and NVTA operate their public funds investment activities under the same provisions of the State Code. With the State Code as a baseline, each jurisdiction approaches investments in unique ways suitable to their individual circumstances and priorities. The gathering will allow regional investment professionals to exchange ideas, tools and strategies fostering discussions of fixed income market trends, as well as opportunities. All member jurisdictions have expressed an intent to participate.

While there are numerous conferences that investment managers attend, this gathering will be unique in that it has a regional focus and will be addressing technical topics of regional interest.

4. Transportation Technology Committee Kick-Off Meeting. The new Transportation Technology Committee (TTC) will hold its first meeting at 8:30am on Wednesday, January 30, 2019, at NVTA's office. The TTC will:

- Advise the NVTA Executive Director on multimodal transportation technologies and related transportation trends that support (or endanger) the vision of the Authority as stated in its current Five-Year Strategic Plan;
- Make specific recommendations for consideration by the NVTA Executive Director related to the development of TransAction, the regional multimodal, long-range transportation plan for Northern Virginia, and the development of updates to the Authority's Six Year Program. Such recommendations may include the use of transportation technologies to complement traditional transportation infrastructure and enhance the operation and performance of the regional transportation system; and
- Develop an evidence-based body of knowledge that will educate and inform regional policy makers on topics related to multimodal transportation technologies and related transportation trends.

The TTC will be chaired by Councilmember David Snyder, and will comprise a broad group of individuals with diverse, but relevant, skill sets and experience, including elected officials, jurisdictional/regulatory staff, and representatives of various modes, the automotive industry, community stakeholders, the business sector, and technology experts.

5. Project Monitoring and Management System Update. The Authority selected HDR to develop the Program Monitoring and Management System (PMMS) at its meeting in November 2018. Work is advancing rapidly on the first phase of PMMS, which will upgrade the Authority's Call for Regional Transportation Projects (CfRTP) application process from a paper-based approach to an online system, in time for the next CfRTP (for the Six Year Program update) expected in July 2019. Staff from selected member jurisdictions participated in a mid-December 2018 workshop with HDR and Authority staff to provide inputs to the development of the 'user interface' component of the online application. The second phase of PMMS, expected to commence in July 2019, will provide a public-facing dashboard for all NVTA-funded regional projects. The dashboard will be available in 2020.

6. TransAction Listening Session. The Authority adopted the current version of TransAction, the long-range multimodal transportation plan for Northern Virginia, in October 2017. TransAction is updated on a five-year cycle, and takes several years to develop. Consequently, the consultant procurement process for the next update is expected to start during the first half of 2020. Prior to this, commencing in early 2019, Authority staff will begin to develop a draft scope of work for the TransAction update. An important component of scope development will be a TransAction 'Listening Session,' at which citizens

and stakeholders will have the opportunity to provide inputs and make suggestions to Authority members related to the Authority's long-range transportation planning activities. The TransAction Listening Session, which will include an Open House, is tentatively scheduled for September 12, 2019 prior to the Authority meeting that same evening.

7. NVTA Standing Committee Meetings

- **Finance Committee:** The NVTA Finance Committee is scheduled to meet next on February 21, 2019 at 1:00pm.
- **Governance and Personnel Committee:** The next meeting of the NVTA Governance and Personnel Committee (GPC) is January 10, 2019 at 5:30pm.
- **Planning and Programming Committee:** The NVTA Planning and Programming Committee is not scheduled to meet again until late 2019/early 2020 as part of the update of the Authority's Six Year Program covering fiscal years FY2020-2025.

8. NVTA Statutory Committee Meetings:

- **Planning Coordination Advisory Committee:** The NVTA Planning Coordination Advisory Committee is not scheduled to meet again until late 2019/early 2020 as part of the update of the Authority's Six Year Program covering fiscal years FY2020-2025.
- **Technical Advisory Committee:** The next meeting of the NVTA Technical Advisory Committee is not scheduled to meet again until late 2019/early 2020 as part of the update of the Authority's Six Year Program covering fiscal years FY2020-2025.

9. CMAQ-RSTP Transfers:

- CMAQ and RSTP Transfers requested since the last Executive Director's report are presented in Attachment A.

10. Regional Projects Status Report:

- Please note the updated Regional Projects Status Report (Attachment B), which provides a narrative update for each project and the amount of project reimbursements requested and processed to date.

Attachments:

- A. CMAQ-RSTP Transfers**
- B. Regional Projects Status Report**

NVTA FY2014-17 Program Project Status

Upcoming Public Information Meetings:

Fairfax County: Fairfax County Parkway Improvements – A public meeting will be held on **January 7, 2019** to focus on storm water management and Popes Head Road interchange options. Venue and time to be decided.

OmniRide / PRTC: Western Maintenance and Storage Facility – Groundbreaking scheduled for Wednesday, **January 23, 2019** at 11 a.m. at 7850 Doane Drive, Manassas, Virginia.

City of Fairfax: Chain Bridge Road Widening/Improvements from Route 29/50 to Eaton Place (Northfax) – Ribbon-Cutting is scheduled for Monday, **February 4, 2019** at 11 a.m.

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed as of 12/31/18
Arlington County	Boundary Channel Drive Interchange – Constructs two roundabouts at the terminus of the ramps from I-395 to Boundary Channel Drive, which eliminate redundant traffic ramps to/from I-395. In addition, the project will create multi-modal connections (new trail connection to the Mt. Vernon trail) to/from the District of Columbia that will promote alternate modes of commuting into and out of the District.	\$4,335,000 (FY2014)	Construction	Planning and design underway (awaiting IMR approval from FHWA); construction of the interchange begins in Fiscal Year 2020. Working with VDOT to transfer PE/ROW/CN phases from County to VDOT. Long Bridge Drive was complete on June 28, 2018 and is in closeout.	Long Bridge Drive was completed in June 2018 and interchange is expected by end of Calendar year 2022	Mid-2020	49.9%
Arlington County	Columbia Pike Multimodal Improvement – Includes a modified street cross-section with reconfigured travel and transit lanes, medians and left-turn lanes, utility undergrounding and other upgrades along Arlington's 3.5 mile Columbia Pike corridor from the Fairfax County line on the west end to Four Mile Run.	\$12,000,000 (FY2014)	Construction	Streetscape and Undergrounding plan approval received in May 2017. Washington Gas relocations are complete. The undergrounding and streetscape improvement have commenced with NTP of 2/20/18. Watermain installation work and testing completed. Sanitary sewer work 60% complete. Storm sewer work ongoing. Utility duct banks installation ongoing on the western end of this segment. Redesigning of dry utilities on the eastern end of this segment due to existing utility conflicts.	Spring 2021	Fall 2020	10.1%
Arlington County	Columbia Pike Multimodal Street Improvements (East End) – Includes a modified street cross- section along the eastern portion of Arlington's 3.5 mile Columbia Pike corridor. Specific works includes realignment of road including shifting the roadway south of its existing location,	\$10,000,000 (FY2015-16)	Engineering Construction	Segment A (East End) has been split into two sections. First section is Orme to Oak (West) and the second is Oak to Joyce Street (East). Right-of-Way acquisition underway, but must be completed prior to final plan approval and construction. 	interchange of Lee Highway and I- 66, the project will upgrade two signals, providing a better-timed connection between I-66 and Lee Highway. The project will also upgrade existing mast arm signals and add or improve existing streetlights along Lee Highway.				Tasks –N/A	Tasks –N/A	
Arlington County	Crystal City Streets: 12 th Street Transitway, Clark/Bell Realignment & Intersection Improvements – The goal is to streamline the existing road network, make movements for all modes of transportation more efficient, create new connections to the street grid network, and to construct an extension of the Crystal City-Potomac Yard (CCPY) Transitway. It includes reconfiguring the street between South Eads Street and South Clark Street to provide exclusive transit lanes, reconfigure and realign a segment of Clark Street with Bell Street, and the intersection improvements around 23rd Street South and US-1 will simplify the design of three closely-spaced intersections that are confusing and inefficient for all modes.	\$11,600,000 (FY2017)	Design, PE, ROW, Construction	12 th Street design plans are at 30%. The County has decided to combine this phase of the project with the larger CCPY extension project to Pentagon City Metro. County engineers will bring that phase to 30% and then complete overall design concurrently. This phase is currently on hold pending further traffic studies to accommodate the Transitway extension. 23 rd street has been split into 2 phases. The segment between US1 and Eads will be completed in Phase 1. Design has been expanded to include improvements on the south side of this segment in Phase 1. Design and construction are scheduled to be completed by Spring/Summer 2019. The new Phase 2 will include the reconfiguration of US1 interchange and adjacent pedestrian facilities as well as the section of 23 rd Street from Eads to Crystal Drive. This project will be designed in coordination with an adjacent private sector development.	June 2021	June 2021	12%
