

NORTHERN VIRGINIA TRANSPORTATION AUTHORITY

MEMORANDUM

TO: Chair Phyllis J. Randall and Members
Northern Virginia Transportation Authority

FROM: Michael Longhi, Chief Financial Officer

DATE: March 5, 2020

SUBJECT: Proposed FY2021 Regional Revenue Fund Budget

1. **Purpose:** To seek the Northern Virginia Transportation Authority (NVTA) adoption of the Proposed FY2021 Regional Revenue Fund Budget as recommended by the Finance Committee.
2. **Suggested Motion:** *I move Authority adoption of the Proposed FY2021 Regional Revenue Fund Budget, as presented in Attachment 1.*
3. **Background:**
 - a. Regional Revenues (70% funds) are largely programmed through the Authority's approval of specific projects in the Six Year Program (SYP) and subsequent updates, after all debt service and reserve funding obligations are met for a fiscal period.
 - b. Any unused funds from one fiscal year are accumulated as Restricted Fund Balance and will be available for the FY2024/25 update to the SYP.
 - c. Finance Committee guidance is to conservatively estimate revenues.
 - d. The PayGo amount for the SYP Update will need to be determined after the 2020 General Assembly (GA) concludes. The PayGo determination will require updated revenue estimates based on GA action.
 - e. The details of the Proposed FY2021 Regional Revenue Fund Budget are presented in Attachment 1.

(ED. Note - The following report sections tie to the Notes Column on Attachment 1.)

4. **Revenues:**
 - a. **Revenues** were adjusted for the 2018 legislative action to eliminate the Transient Occupancy Tax and Grantor's Tax as available revenue streams. Future updates will adjust revenue estimates for any 2020 General Assembly action as part of the future PayGo recommendation.
 - b. **Truck Registration and Road Use – (I-81)** estimates are based on actual FY2020 receipt trends not projections made by the Commonwealth. Updates to the estimates will be included in the PayGo recommendation.
 - c. **CoVa interest** is earned on funds while they are processed by the Commonwealth and before arriving at the Authority.

d. Future Financing (if required due to cash flow.)

- i. This budget category reflects the FY2021 Revenue Fund Appropriations for the inaugural SYP (Attachment 2). As part of that adoption, the Authority implemented a project funding strategy which relies on the strength of the Authority's Balance Sheet to advance the timing of project funding.
- ii. This strategy is saving the Authority approximately \$194 million compared to traditional project funding approaches.
- iii. The classification recognizes that if the majority of FY2019/23 SYP projects were to exceed their original cash flow projections, outside liquidity would need to be obtained.

e. Investment Portfolio Earnings reflects the NVTa portfolio interest earnings. Estimate is based on a month to month 10 basis point decline in portfolio earnings over the fiscal year as the portfolio return aligns with anticipated worse case market declines.

5. Expenditures: Prior to determining the funds available for projects, the annual debt service payment and reserve amounts must be budgeted. No additions to the reserves are required from the proposed FY2021 budget.

- a. Debt service principal and interest.** Total debt service for FY2021 is \$5,548,450.
- b. TransAction Update (SYP/CRRC/LTB Tech Support).** This expense of \$160,000 provides technical support for SYP Congestion Reduction Relative to Cost and Long-Term Benefit analysis.
- c. Six Year Program PayGo Project Funding.** This represents the appropriation of project funding for the Six Year Program, as detailed in Attachment 2.

6. Transfers and Carryforward

- a. Transfer Out to the Operating Fund.** Utilizing the authorization provided in SB1468 (2019), member jurisdictions are relieved from the obligation of funding the NVTa Operating Budget from their own revenues (typically their 30% Local Distribution Funds).
- b. Restricted Fund Balance - Carryforward to FY2024.** This amount reflects net positive variances in the Authority's revenue projections, interest earnings and released balances from completed or cancelled projects. It is based on FY2019 audited actual balances.
- c. Total Available for Project Assignments/FY2024 Carryforward.** This amount reflects net positive variance in the Regional Revenue Fund. It is an accumulator for funds to be available for projects as part of the FY2024/25 two-year update to the Six Year Program. Future updates will adjust revenue estimates for any 2020 General Assembly action as part of the future PayGo recommendation.

7. Cumulative Regional Revenue Reserve Balances

- a. Working Capital Reserve (WCR).** The WCR is required by the Authority's Debt Policy. The Authority took action in June 2017 to cap the Working Capital Reserve at \$120 million.
- b. Debt Service Reserve.** This reserve of \$5,551,000 was funded through bond proceeds and exists to protect NVTa's bondholders. It is required by the Authority's Debt Policy.
