

Dennis Leach

Director of Transportation for the Department of Environmental Services,
Arlington County

[@ArlingtonVA](#) and [@ArlingtonDES](#)

Dennis Leach is the **Director of Transportation for the Department of Environmental Services in Arlington, Virginia** and has worked for Arlington since 2004. He oversees a broad range of programs and services including transportation planning, design, construction and operations of Arlington's multimodal transportation infrastructure and services. This scope includes one of the nation's largest transportation demand management and commuter services organizations, a

progressive transportation engineering/ITS program, a growing local transit program, and a program that focuses on infrastructure-related development review, permitting and inspections.

Mr. Leach has over 35 years of transportation planning, policy, operations and management experience working for all levels of government. He has served as a frequent speaker at transportation, planning and smart growth conferences focused on transit-oriented development and multimodal transportation system performance. He is an active member of the Institute of Transportation Engineers, American Planning Association and the National Association of City Transportation Officials. He has a BA from the University of Notre Dame, an MA from the University of Pennsylvania and an MBA from Temple University. Dennis is a 27-year resident of Arlington.
