

Catherine C. McGhee

Director of Innovation and Research, Virginia Department of Transportation, and NVTVA Transportation Technology Committee Member

@VaDOT

Cathy McGhee has been with the **Virginia Transportation Research Council (VTRC), the Research Division of the Virginia Department of Transportation**, since 1993, becoming its **Director** in December of 2016. She has led VDOT's research program on connected and automated vehicles and works with VDOT staff and University partners to develop, test, and deploy equipment and applications within the Virginia Connected and Automated Corridors to advance VDOT's mission of delivering safe and efficient mobility.

Cathy currently serves as the Chair of the Transportation Research Board's Standing Committee on Regional Transportation System Management and Operations, Chair of the Innovations Deserving Exploratory Analysis (IDEA) panel, and is a stakeholder for the Surface Transportation Safety Center of Excellence at the Virginia Tech Transportation Institute. She has a Bachelor's degree from Cal

Poly, San Luis Obispo and a Master's degree from the University of Virginia, both in Civil Engineering. She is a registered Professional Engineer in Virginia.
