Arlington County	Blue Silver Line Mitigation - Purchase of four new transit buses to introduce Silver Line connecting service. Arlington Transit is using the four 19 passenger buses to enable additional capacity on the ART 43 Route between Crystal City, Rosslyn and Court House.	\$1,000,000 (FY2014)	Acquisition		12/31/2014	12/31/2014	79.8%
Arlington County	Boundary Channel Drive Interchange – Constructs two roundabouts at the terminus of the ramps from I-395 to Boundary Channel Drive, which eliminate redundant traffic ramps to/from I-395. In addition, the project will create multi-modal connections (new trail connection to the Mt. Vernon trail) to/from the District of Columbia that will promote alternate modes of commuting into and out of the District.	\$4,335,000 (FY2014)	Construction	All NVTA funds for this project have been reimbursed, and NVTA SPA was closed out on February 27, 2023. Project Ongoing. July 2023 - Construction is continuing, with the next few weeks featuring work on the western roundabout and the eastern portion of the shared use path. Project completion estimated in early 2024. June 2023: Construction is continuing and a new landscaping supplemental proposal was just sent over to Arlington and is in the process of being reviewed. April 2023: Construction continues on Boundary Channel Dr Interchange Improvement, including beginning work on the western roundabout. March 2023: Construction continues. One ramp off the highway has been closed so that the western roundabout can be	Drive was completed in June 2018 and interchange is expected to be completed by December 2023.	Anticipated - December 2023.	100.0 %

constructed.
September 2022:
Groundbreaking for this project
occurred 9/28/22. Construction
activities are underway, with
finish anticipated end of next
year.
June 2022: 100% plans
submitted to Arlington mid-June
for comments. CN anticipated to
begin end of July (date subject to
change).
April 2022: 90% plans were
submitted to VDOT. Comments
have been submitted to Design-
Build consultant from Arlington
County. Schedule is on track for
beginning Construction in
Summer 2022.
March 2021: The Design-Build
RFP was released on March
2021; bids were received from 3
short-listed firms in May, VDOT
was reviewing bids.
November/December 2020: A
virtual Public Hearing was held
on November 5, 2020. The
Design-Build RFQ was
advertised on 10/21/2020.
January 2020: Agreement to
transfer PE/ROW/CN phases
from County to VDOT was
executed on January 14, 2020.

June 2022 - Design team is
progressing the 35% design
update of the new entrance.
Design team is coordinating with
County & WMATA on the
execution of five soil borings to
validate existing subsurface
information.
May 2022 - County and design
team met with WMATA Fire
Marshal and other WMATA staff
on new egress exit design on
April 25. Fire Marshal concurred
with the design; design team is
advancing the design update.
April 2022 - County & WMATA
analyzed design alternatives for
egress improvements and
determined path forward. County
& design team will meet with
WMATA Fire Marshal on new
egress exit design week of April
25.
March 2022 – WMATA concurred
w/ proposed design approach for
vault penetration: 3-4' openings
in vault wall for elevator access.
County continues to work w/
WMATA to optimize design for
egress improvements.
Estructure 2020 County
February 2022 - County
proposed path forward for the
vault penetration is awaiting
WMATA concurrence. Alternative
designs for egress exit
improvements are being
reviewed for constructability and
cost impacts.

October 2022 - Segment 1 of
Transitway under construction.
September 2022 - Segment 1
of Transitway under
construction.
<u>June 2022</u> - 15th St: 90% re-
design plans submitted to the
County for comment mid-June.
County for continent mid-suffe.
November 2021 - Construction
contract award for 12th St
project was approved by
County Board; anticipate
beginning construction in
Spring 2022.
Spring 2022.
<u>March 2021</u> - The 100% design
plan package was submitted for
VDOT review. All required
easements were obtained.
23 rd Street Segment –
The segment between US1 and
Eads will be completed in
Phase 1.
September 2020 - Construction
started.
Phase 2 will include the
reconfiguration of US1
interchange and adjacent
pedestrian facilities as well as
the section of 23 rd Street from
US 1 to Crystal Drive.
This project will be designed in
coordination with an adjacent
private sector development.
Discussions have begun with
that developer and utility
design has begun and is in

Arlington County	ART Operations and Maintenance Facilities – This funding will enable construction for parking additional ART buses, facilities for maintenance and bus operations, as well as enclosed storage for transit infrastructure. When complete, ART will have the support network it needs to increase ridership, including new routes and increased services, and to keep the entire bus fleet maintained and in service.	\$39,027,000 (FY2018-23 SYP)	Preliminary Engineering, Construction, Asset Acquisition.	July 2023 - O&M facility concrete work 90% complete, steel fireproofing 95% complete & facade installation underway. Garage concrete work ongoing. Stream channel bottom construction pending shop drawing approval. June 2023 - Concrete on all floors of the O&M Facility complete. Facade installation underway. Concrete for the garage has reached 4th floor. Dominion permit issued. Dominion starting pole installation soon. May 2023 - O&M Facility roof being prepared for concrete. Garage foundations 100% complete; concrete pour reached the second ramp. Box culvert construction is underway. <u>April 2023</u> - Turner is continuing with submittals. OMF structural steel installation 100% complete. BEB foundations at the south end of the OMF site complete. Construction of the stream channel bottom is underway. <u>March 2023</u> - All SOE piles installed. Box culvert excavation underway. Tower crane installed on the garage site; construction of foundation and columns underway.	September 30, 2023	Construction Expected to Start Spring/Summe r 2022. Anticipated Completion date is September 30, 2023	16.5%

temporary power.
February 2023 - Turner
continues with processing
submittals. Building foundation
complete. Construction of
steel structure for building
underway. Tower crane
erected and work on garage
building columns underway.
January 2023 - Installation of
site sewer and water lines,
SWM system and Site A
retaining walls complete.
Building foundation work 60%
complete. Permit drawings for
BEB canopy footings will be
submitted in Jan.
December 2022 - Turner
continues with submitting
construction submittals and
RFIs for response by the
County and design team.
Coordination continues with
Dominion Energy for temporary
and permanent power supply.
November 2022 - Construction
underway. Turner proceeding
w/ submittals. Design team
responding to RFIs. Site
lighting and utilities
disconnected and caped. Pile
installation along the channel
wall has started.
October 2022 - Turner has
mobilized to the site. All
permits have been received.
Power design still pending

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed
				Dominion approval. Turner			

Dominion approval. Turner
working on relocating sewer
line and installing new water
line.
September 2022 - All permits
have been received and Turner
is planning the start of various
site activities. Dominion has
started the design for
temporary power and started
planning for 34.5KV service.
hub/August 2022 AOME
July/August 2022 - AOMF
building permit final approval
pending. Separate demo
permit was approved. Pre-
construction meeting held on
Aug 2. Turner started
mobilizing the site.
Coordination w/ utility
companies underway.
June 2022 - County issued
GMP Amendment to Turner on
June 3. Construction NTP
issued to Turner on June 14,
and a ground-breaking event
was held on June 15. Initial
comments on building permit
design package for
maintenance building & garage
addressed.
<u>May 2022</u> - At the May 14
meeting County Board
approved the GMP (NTP to
contractor expected early
June) and Use Permits to
temporarily park buses at N
Quincy site. Site modifications
are underway.

Arlington Pentagon City Multimodal	\$28,850,000	Construction	Multimodal Connections –	April 30, 2025.	April 30,	0.2%
Arlington County Pentagon City Multimodal Connections and Transitway Extension – The project adds capacity and makes operational improvements to an inefficiently performing area of Pentagon City, where there is high demand for transit, pedestrian, and bicycle trips, but where the layout of existing streets makes those trips slow, difficult, and dangerous, thus pushing users into automobile trips that exacerbate congestion. The project provides dedicated bus lanes for Metroway service, a premium bus service that operates much like bus rapid transit.	\$28,850,000 (FY2018-23)	Construction	Multimodal Connections – Segment IIa July 2023 - The design team is working on revising 100% design per expanded scope of work due Pen-Place construction delays. The County is coordinating with Pen-place development the design and construction of the proposed underground utilities to be installed under 12th street S.; north curb permanent easement negotiations are in progress. June 2023 - Revised design for Segment IIa is complete. Easements from JBG Smith needed for Segment IIa; discussions are underway. May 2023 - Changes to Segment IIa design needed given PenPlace delay; revised SOW being finalized. Discussions w/ PenPlace underway re advancing utility work. April 2023 - Design team addressing comments on Segment IIA 100% design. Coordination continues with Penn Place development. March 2023 - Negotiations for temp. construction easements for Segment IIA 100% design. Loordination continues with Penn Place development. project. A ground-breaking	
ceremony was held on	
November 5, 2021.	
All plats have been submitted.	
The design-builder is ready to	
make land offers.	
A virtual "Pardon-Our-Dust"	
meeting was held on	
December 1, 2021.	
September 2021 - Phase II	
construction was awarded in	
September 2021.	
June 2021 - RFP for CEI	
Services was advertised on	
12/29/20. Utility relocations	
anticipated to complete by	
May 2021.	
Stream Credit purchase	
completed on 2/16/21.	
Construction Contract Bids	
were due and opened on	
6/10/21.

				 buses have been delivered and are in revenue service. Facility Expansion project kickoff meeting scheduled for March. October 2019 - While not part of this project, all six VW Trustfunded electric buses were delivered. A public unveiling of the first three buses was held on October 20. DASH completed Phase 1 of a Zero Emission Fleet Implementation Plan. This plan will guide the procurement and installation of additional electric bus charging infrastructure funded by this project. Phase 2, funded by a separate grant, was expected to begin in Fall 2021. DASH placed Purchase Orders for eight battery-electric buses following the recent update to Appendices A and B to incorporate this change. Four buses will be 40-foot and the other four will be 60-foot articulated buses capable of supporting high-capacity transitway service. These buses were expected to be delivered in early fall 2021. 6 of the 8 electric buses had been delivered. All 4 Proterra 40' buses were being tested/prepped for service. The last 2 New Flyers expected to

				All 8 electric buses have been delivered. 7 of the 8 have entered revenue service. Facility Expansion project design has been awarded, and will include infrastructure upgrades from this grant. <u>June 2019</u> - NVTA project agreement was executed in June, 2019. The installation of six electric bus depot chargers was complete.			
City of Alexandria	Alexandria Duke Street Transitway – The Alexandria Duke Street Transitway will provide dedicated, curbside transit lanes on Duke Street for Bus Rapid Transit, between Diagonal Road (King Street Metro) and Walker Street (Landmark Mall). The conceptual design for the ultimate configuration, developed as part of the Transitway Corridors Feasibility Study (adopted by City Council in 2012), recommended that the existing curb lanes long most portions of Duke Street will be converted to a transit and business access lane.	\$12,000,000 (FY2018-23 SYP)	Preliminary engineering	July 2023 - Alexandria city council approved a preferred concept plan. June 2023 - Advisory Group recommended Busway Concept A and Curb Concept Y - Mostly center running bus lanes with mixed traffic and separated bicycle and pedestrian facilities, where possible. <u>May 2023</u> - Completed analysis of two end-to-end concepts and the April public engagement period. <u>April 2023</u> - Design work ongoing, working on the Vissim model, and conducting outreach. February 16 Advisory Group discussed curb features, and the	FY 2026	FY 2026	14%

NVTA project agreement was executed in June 2019. An RPP for a Civic Engagement consultant was advertised on December 11, 2020. Proposals were received in January 2021, evaluated, and a Notice-To- Proceed was issued in early March, 2021. The vivic engagement process began with internal team meetings in March 2021. The public engagement Kick-Off began in late June 2021. The kick-Off even tincluded an informational public webinar, 19 pop-up events along the corridor, a public webinar, bus stop interviews, and virtual meetings with stakeholder groups. The outcome of this outreach was expected to inform the final scope of work for the alternatives analysis and other environmental documentation. RFQ submittals for the planning and preliminary design were due 9/22/2021 and should be awarded in 2 rd quarter FV22. A summary report of the preliminary outreach activities and a Vision/Goals were pending.

overhead lines.	
<u>July/August 2022</u> - Utility	
relocations/undergrounding	
underway. All cable has been	
pulled. Dominion will start	
energizing the underground	
pathway this week. Dominion will	
then begin removal of the	
overhead lines.	
May 2022 - Cable pulling is 95%	
complete. The last remaining	
section of pipe was corrected	
along Mustang Alley and will	
have the last section of cable	
pulled to complete this portion of	
work. The overhead lines and	
poles should begin coming down	
within the next 30 days or so.	
Traffic Design plans are currently	
awaiting revisions from designer	
of record, the plans are in their	
second submission.	
April 2022 - DVP is	
approximately 70% complete with	
pulling cable for the West End	
Project. CFC staff and VDOT are	
currently reviewing signal plans	
for Haycock and Route 7 and	
providing comments to the	
designers.	
<u>March 2022</u> - The dry utility	
conduit has been	
completed. DVP is currently in	
the process of pulling cable	
(approx. 40%	
complete). Construction of new	
parking lot to serve MEH and	
Meridian High School is	
	L

				underway. The Town of Leesburg is working with VDOT on submission of a Round 5 SMART Scale application due August 1, 2022.			
				<u>May 2022</u> - The Town of Leesburg is planning to submit a funding application for the Federal (USDOT) Multimodal Project Discretionary Grants (MPDG) program on May 23.			
				<u>April 2022 -</u> Design refinement from 30% to 70% plans is underway. The Town submitted a pre-application for VDOT SMART Scale funding and is working on			
				a May 23 application submission for federal MEGA/INFRA funding. <u>March 2022</u> - VDOT and Town of Leesburg recently had a meeting			
				to discuss phasing options. VDOT continues to develop the field inspection plans (75% plans).			
				February 2022 – The consultants prepared a proposal for traffic analysis for one of the project options that is under review. The Town plans to submit an application for the next round of SMART Scale funding. FY2018-23 SPA to complete			
				design phase was approved in September 2021 Authority meeting.			

Jurisdiction/ Agency	Project Description	NVTA Funds	Phase(s) Funded	Status	Completion (Project)	Completion (NVTA funded Phases)	Percentage Reimbursed
				The Town received VDOT's draft agreement & it is under review pursuant to a timely execution. A technical meeting will be set up to discuss project phasing. <u>January 2022</u> – Discussions with VDOT still ongoing. <u>December 2021</u> – Town of Leesburg and VDOT had a work session in December to discuss possible project phasing and opportunities for an early works package. Discussions are ongoing.
